

## COURSE OUTLINE: ENP110 - PRACTICUM II

Prepared: Stephanie Collins BN, RN

Approved: Bob Chapman, Chair, Health

<b>Course Code: Title</b>	ENP110: PRACTICUM II
<b>Program Number: Name</b>	3044: ENHANCED PRACTICE
<b>Department:</b>	BSCN - NURSING
<b>Academic Year:</b>	2022-2023
<b>Course Description:</b>	In this practicum course, students are placed in the acute care clinical setting to provide care and will be supervised by a Registered Nurse with the CNO. Knowledge from previous nursing education, as well as other courses during this semester will be applied in the practice setting. This clinical experience will help prepare the internationally educated nurse, to the role of the Registered Nurse in Canada.
<b>Total Credits:</b>	5
<b>Hours/Week:</b>	12
<b>Total Hours:</b>	130
<b>Prerequisites:</b>	ENP101, ENP103, ENP104, ENP105, ENP106
<b>Corequisites:</b>	ENP111, ENP114, ENP116
<b>Vocational Learning Outcomes (VLO's) addressed in this course:</b>	<b>3044 - ENHANCED PRACTICE</b>
<b>Please refer to program web page for a complete listing of program outcomes where applicable.</b>	VLO 1 Conduct comprehensive assessments to plan individualized care supporting health promotion and disease prevention in complex and non-routine patient environments.
	VLO 2 Integrate evidence-informed research, theory, and critical inquiry within the context of the Canadian health-care system to inform nursing practice and advance clinical judgement in the acute care setting.
	VLO 3 Model personal and professional responsibility, accountability, self-regulation, and ethical practice when caring for clients and their families to meet Canadian nursing regulatory standards, practices, and legislation.
	VLO 4 Communicate effectively with diverse populations and the healthcare team to form partnerships and improve health outcomes for individuals, families, groups and communities.
	VLO 5 Integrate and promote best practices and approaches in relation to the gerontological population within the Canadian healthcare system to plan and deliver nursing care in the acute care setting.
	VLO 6 Assess, plan, implement, and evaluate nursing care across the lifespan within the continuum of acute care.
	VLO 7 Influence positive change related to social justice, health equity, and public policy to improve outcomes at the individual, organizational, and healthcare system levels.
	VLO 8 Outline local community and provincial health care system resources and options to support decision-making and the implementation of nursing interventions.
	VLO 10 Advocate for client, self and the nursing profession by implementing strategies to provide safe and quality nursing care in the acute care setting.

	VLO 11 Integrate principles and philosophy of end of life care to support the client and their families through the experience of death and dying.
