MANAGEMENT CASES

BUS 327

---

Course Name

---

Course Number

**OBJECTIVES:**

This course will provide the opportunity to apply basic management concept using cases as discussion. The variety of settings in the cases will allow the "real world" to become a part of the decision-making process and will require that the student consider individual situations when formulating solutions.

**EVALUATION:**

Exams (2x30%)..... 60%  
Assignments (4x5%)..... 20%  
Participation..... 20%

**SCHEDULE:**

On the days not shown in this schedule we will be discussing the cases listed at the end of this outline.

September 3 - Chapter 1; An Overview of Management  
8 - Chapter 2; The Case Analysis Process

29 - **Assignment #1 Due**

October 22 - **Assignment #2 Due**

29 - Mid-Term Exam

November 17 - **Assignment #3 Due**

December 8 - **Assignment #4 Due**

17 - **Final Exam**

**Cases:**

2,4,7,10,14,19,20,22,23,24,25,27,31,32,34,35,36, from the text  
Cases in Management: Examining Critical Incidents, by D. Neil Ashworth

Management Cases (BUS 327)  
Course Outline

*Final 186  
5th Sem.  
Program A*

Objectives

This course will provide the opportunity to apply basic management concepts using cases as the backdrop for analysis and discussion. The variety of settings in the cases will allow the "real world" to become a part of the decision-making process and will require that the student consider individual situations when formulating solutions.
