This time gives the students exposure to a "real work experience" and prepares the students for on-the-job training required as part of the curriculum in second year.

METHOD OF ASSESSMENT (GRADING METHOD):

Students are graded on their performance during the weeks in the Secretarial Centre as follows:

- S - Satisfactory

The categories for evaluation include the following: punctuality, grooming, interest, attitude, organization, initiative, dependability, judgment, cooperation, quality of work, quantity of work, telephone, contact with clients, and comprehension of instructions.
