N. Koch

*Jan 8/88*  
Date

COURSE DESCRIPTION:

An attempt will be made to acquaint the student with the basic structure of the Canadian government at all three levels as well as the political process as it is compelled to operate within the unique political environment of Canada.

Time permitting, the course will also explore issues confronting Canadian society to-day, including nationalism, foreign ownership, the French fact as well as regional disparities.

METHODOLOGY:

The basic approach in the classroom is a combination of the time-tested lecture method combined with student involvement through classroom discussion.

EVALUATION:

20%      attendance and participation  
80% -    segmental tests

GRADING:

60%      C  
70%    =    B  
85%      A
