The course offers a generic simulation which has been designed for students who have had extensive training in the use of a word processing program. In this simulation, the students will have an opportunity to apply their word processing skills. By the completion of this course, students should be keyboarding at a minimum of 40 gross words per minute with 98 percent accuracy.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. Apply the proofreading and editing skills learned to detect errors in office documents, and use standard revision symbols to mark needed changes.

Potential Elements of the Performance:

- Proofread for errors in business documents using proofreading symbols.
- Identify errors in business format.
- Identify capitalization, spelling, and transposition errors.
- Identify errors in plurals and possessives.
- Apply correct usage of commas, punctuation, and grammar in business documents.
- Correct inconsistencies.
- Identify the marking scheme.

This Proofreading module will constitute 5 percent of the course grade.

VI. SPECIAL NOTES:

1. Special Needs:
If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Visit Room E1204 or call Extension 493, 717, or 491 so that support services can be arranged for you.
2. Retention of Course Outlines:
It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other post secondary institutions.
3. The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.
4. Substitute course information is available in the Registrar's office.
5. Students should refer to the definition of "academic dishonesty" in the "Statement of Student Rights and Responsibilities". Students who engage in "academic dishonesty" will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course, as may be decided by the professor. Talking with other students during the test will result in an automatic deduction of 5 marks per occasion.
6. Students are expected to be present to write all tests during regularly scheduled classes. In the event of a failed course grade, a supplementary test will be administered at the end of the semester to replace EITHER the lowest failed OR one missed test.

7. Each student will be required to keep a file in a designated classroom. This will facilitate the return of assignments, grades, and any messages the Office Administration faculty needs to relay to the students.
8. A disk labeled with the student's, professor's, and the course name **MUST** be available with the assignment. At the professor's discretion, disks will be checked. Students are advised to maintain at **LEAST** one backup of all files. A lost or damaged diskette will not be an acceptable reason for a late or incomplete assignment.
9. It is expected that 100 percent of classroom work be completed and submitted on time. A late assignment with an attached Extension form will be accepted if submitted within 3 calendar days of the due date and time. Ten percent will be deducted from late assignments automatically. Failure to follow this procedure will result in a zero grade for the assignment.
10. All work must be labeled with the student's name and the project information on each page. All work must be submitted in a labeled folder complete with a plastic disk pocket.
11. During testing, the program's on-line help may be available. Tests will not be "open book". Students must ensure that they have the appropriate tools to do the test (i.e. diskettes, pencil, pen, etc.).
12. Proofreading is an integral part of this course. Marks will be deducted for all proofreading and spelling errors.
13. Regular attendance is expected so the professor can observe work and provide guidance as necessary.

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the instructor.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.
