

COURSE OUTLINE

CCT0103

Prepared: Barry Sparrow Approved: Corey Meunier

Course Code: Title	CCT0103: BLUEPRINTS, SPECIFICATIONS AND LAYOUT										
Program Number: Name	1120: COMMUNITY INTEGRATN										
Department:	C.I.C.E.										
Semester/Term:	17F										
Course Description:	This course will provide the student with an introduction to the preparation and interpretation of construction drawings (prints) and specifications. The student will learn how drawings and specifications are organized as well as a systematic approach for drawing review. The student will also be introduced to the concepts of construction work measurement and layout using a variety of techniques. The student will also be given an introduction to CAD (computer-aided drawing) with an emphasis on locating and collecting data from CAD drawings.										
Total Credits:	4										
Hours/Week:	3										
Total Hours:	45										
Essential Employability Skills (EES):	<p>#1. Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.</p> <p>#2. Respond to written, spoken, or visual messages in a manner that ensures effective communication.</p> <p>#3. Execute mathematical operations accurately.</p> <p>#4. Apply a systematic approach to solve problems.</p> <p>#10. Manage the use of time and other resources to complete projects.</p> <p>#11. Take responsibility for ones own actions, decisions, and consequences.</p>										
Course Evaluation:	Passing Grade: 50%, D										
Evaluation Process and Grading System:	<table border="1"> <thead> <tr> <th>Evaluation Type</th> <th>Evaluation Weight</th> </tr> </thead> <tbody> <tr> <td>Assignmetns and Activites</td> <td>20%</td> </tr> <tr> <td>Chapter Quizzes</td> <td>50%</td> </tr> <tr> <td>Final Test</td> <td>15%</td> </tr> <tr> <td>Mid-term Test</td> <td>15%</td> </tr> </tbody> </table>	Evaluation Type	Evaluation Weight	Assignmetns and Activites	20%	Chapter Quizzes	50%	Final Test	15%	Mid-term Test	15%
Evaluation Type	Evaluation Weight										
Assignmetns and Activites	20%										
Chapter Quizzes	50%										
Final Test	15%										
Mid-term Test	15%										
Books and Required	Undetstanding Construction Drawings for Housing and Small Buildings by Tom Stephenson

Course Outcomes and Learning Objectives:

Upon successful completion of this course, the CICE student, with the assistance of a Learning Specialist will acquire varying levels of skill development relevant to the following learning outcomes:

Course Outcome 1.

Upon successful completion, the student will be able to:

1. Use survey instruments to collect and provide data for engineering/construction projects.

Learning Objectives 1.

Course Outcome 2.

Upon successful completion, the student will be able to:

2. Prepare and interpret detailed dimensional drawings using computer assisted drafting software.

Learning Objectives 2.

Course Outcome 3.

Upon successful completion, the student will be able to:

3. Demonstrate relevant mathematical, computer and technical problem solving skills as it relates to civil engineering/construction projects.

Learning Objectives 3.

COURSE OUTLINE

CCT0103

3

Prepared: Barry Sparrow Approved: Corey Meunier

Course Outcome 4.

Upon successful completion, the student will be able to:

4. Demonstrate an understanding of the working roles and inter-relationships required to adhere to the objectives of the project and work in accordance to labour-management principles and practices.

Learning Objectives 4.

CICE Modifications:

Preparation and Participation

1. A Learning Specialist will attend class with the student(s) to assist with inclusion in the class and to take notes.
2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and quizzes.)
3. Study notes will be geared to test content and style which will match with modified learning outcomes.
4. Although the Learning Specialist may not attend all classes with the student(s), support will always be available. When the Learning Specialist does attend classes he/she will remain as inconspicuous as possible.

A. Further modifications may be required as needed as the semester progresses based on individual student(s) abilities and must be discussed with and agreed upon by the instructor.

B. Tests may be modified in the following ways:

1. Tests, which require essay answers, may be modified to short answers.
2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.
3. Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.

C. Tests will be written in CICE office with assistance from a Learning Specialist.

COURSE OUTLINE

CCT0103

Prepared: Barry Sparrow Approved: Corey Meunier

The Learning Specialist may:

1. Read the test question to the student.
2. Paraphrase the test question without revealing any key words or definitions.
3. Transcribe the student's verbal answer.
4. Test length may be reduced and time allowed to complete test may be increased.

D. Assignments may be modified in the following ways:

1. Assignments may be modified by reducing the amount of information required while maintaining general concepts.
2. Some assignments may be eliminated depending on the number of assignments required in the particular course.

The Learning Specialist may:

1. Use a question/answer format instead of essay/research format
2. Propose a reduction in the number of references required for an assignment
3. Assist with groups to ensure that student comprehends his/her role within the group
4. Require an extension on due dates due to the fact that some students may require additional time to process information
5. Formally summarize articles and assigned readings to isolate main points for the student
6. Use questioning techniques and paraphrasing to assist in student comprehension of an assignment

E. Evaluation:

Is reflective of modified learning outcomes.

NOTE: Due to the possibility of documented medical issues, CICE students may require alternate methods of evaluation to be able to acquire and demonstrate the modified learning outcomes

Date:

Wednesday, September 6, 2017

Please refer to the course outline addendum on the Learning Management System for further information.
