Develop personal plan for physical fitness and lifestyle change	 Assess current personal health status demonstrate ability to select tools, design strategies, and create an action plan by applying the guiding principles of behaviour change as it relates to active living and exercise develop personal fitness and lifestyle programs based on appraisal results, goals, and stages of readiness for change Identify strategies that support change(e.g., self-contracts, social supports and accountability) monitor exercise and activity programs and adapt and modify when necessary, to meet the needs Consider issues related to lifestyle (e.g., diet, health-risk behaviours, stressors) into any plans for change evaluate success of personal program

Evaluation Process and Grading System:	Evaluation Type	Evaluation Weight
	Assignments	40%
	Labs	20%
	Tests	40%

CICE Modifications:

Preparation and Participation

1. A Learning Specialist will attend class with the student(s) to assist with inclusion in the class and to take notes.

2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and quizzes.)

3. Study notes will be geared to test content and style which will match with modified learning outcomes.

4. Although the Learning Specialist may not attend all classes with the student(s), support will always be available. When the Learning Specialist does attend classes he/she will remain as inconspicuous as possible.

A. Further modifications may be required as needed as the semester progresses based on individual student(s) abilities and must be discussed with and agreed upon by the instructor.

B. Tests may be modified in the following ways:

1. Tests, which require essay answers, may be modified to short answers.

2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.

 Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.
C. Tests will be written in CICE office with assistance from a Learning Specialist.
The Learning Specialist may:
 Read the test question to the student. Paraphrase the test question without revealing any key words or definitions. Transcribe the student's verbal answer. Test length may be reduced and time allowed to complete test may be increased.
D. Assignments may be modified in the following ways:
 Assignments may be modified by reducing the amount of information required while maintaining general concepts. Some assignments may be eliminated depending on the number of assignments required in the particular course.
The Learning Specialist may:
 Use a question/answer format instead of essay/research format Propose a reduction in the number of references required for an assignment Assist with groups to ensure that student comprehends his/her role within the group Require an extension on due dates due to the fact that some students may require additional time to process information Formally summarize articles and assigned readings to isolate main points for the student Use questioning techniques and paraphrasing to assist in student comprehension of an assignment
E. Evaluation:

Is reflective of modified learning outcomes.

NOTE: Due to the possibility of documented medical issues, CICE students may require alternate methods of evaluation to be able to acquire and demonstrate the modified learning outcomes

Date: October 4, 2019

Addendum: Please refer to the course outline addendum on the Learning Management System for further information.
