# SAULT COLLEGE OF APPLIED ARTS AND TECHNOLOGY

# **SAULT STE. MARIE, ONTARIO**

# **CICE COURSE OUTLINE**

COURSE TITLE: Design I

CODE NO.: ADV 125 SEMESTER: Fall

**MODIFIED CODE**: ADV0125

**PROGRAM:** Graphic Design

**AUTHOR:** Frank Salituri

**MODIFIED BY:** Wendy Anderson, CICE Program

**DATE:** Fall 2005 **PREVIOUS OUTLINE DATED:** 

APPROVED:

DEAN DATE

TOTAL CREDITS: 4

PREREQUISITE(S): None

HOURS/WEEK: 3

## I. COURSE DESCRIPTION:

This course is an introduction to fundamental two-dimensional design basics and colour theory. Students are introduced to various design instruments, media, and methods to produce effective design presentations. Emphasis is placed on the development of professional practices and the development and refinement of creative and technical problem-solving, cleanliness, accuracy, deadlines, and presentation skills.

#### II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the CICE student, with the assistance of an Educational Assistant, will demonstrate a basic ability to:

1. With the assistance of the Education Assistant, demonstrate a basic understanding of the use of basic, traditional, technical design instruments and media.

# Potential Elements of the Performance:

- begin to practice and refine the use of inking edges on the following instruments with the mechanical pen and/or paint brush to create basic square, rectangular, triangular, circular, and freeform design shapes: ruler, set square, french curves, flexible curve, compass.
- begin to practice and refine the use of the paint brush and acrylic paint to apply several light coats of paint to fill the design shapes so they appear flat, consistent, and clean.
- 2. With the assistance of the Education Assistant, begin to develop visual communications through the application of basic design and colour theories and principles.

# Potential Elements of the Performance:

- use the fundamental elements and principles of visual expression and communication (visual language), including composition and visual priorities.
- begin to use basic colour terminology and theory using traditional media.
- use basic design principles to begin evaluating one's own work

3. With the assistance of the Education Assistant, begin to develop and implement solutions to basic design problems

#### Potential Elements of the Performance:

- demonstrate a basic understanding of the design process from research and analysis through to appropriate levels of presentation (e.g. thumbnails) to the final product (finished illustration board).
- begin to develop designs according to instructions using traditional media.
- render thumbnails, comprehensives, and final presentations using a degree of detail and quality
- 4. Under the supervision of the Education Assistant, begin to apply appropriate, effective, and professional practices in the classroom studio setting.

## Potential Elements of the Performance:

- begin to demonstrate organizational skills such as scheduling, prioritizing, planning, and time management.
- begin to make design presentations, as per instructor specifications regarding directions and quality.

# III. TOPICS:

- 1. Media design instruments and materials.
- 2. Elements of design line, shape, value, colour.
- 3. Picture plane positive/negative space.
- 4. Principles of organization for achieving compositional unity balance, proportion, dominance, movement, economy.
- 5. Basic colour theory the colour wheel; primary, secondary, tertiary colours; warm and cool colours; analogous and complementary colours; tints and shades; colour value.

- 6. Design process research, analysis and problem solving
- 7. Professional presentation techniques.
- 8. Professional practices

## IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

The following items from the mandatory first year portfolio kit will be used throughout this course:

For preliminary design studies: For finished design presentations:

coloured pencils india ink compass
markers set squares acrylic paints \*
bond paper french curves paint mixing tray
colour compass flexible curves paint brushes
graphite ruler

Students will need to purchase # 27 illustration board and construction paper for cover stock for all the design presentations throughout this course. These items are available in the College's Campus Shop.

<sup>\* &</sup>lt;u>Note:</u> Due to the lack of proper health and safety features of the design studio, no oil based paints are to be used in this course. Only water based acrylic paints will be used.

#### V. EVALUATION PROCESS/GRADING SYSTEM:

# Assignments = 100% of final grade

Assignments will constitute 100% of the student's final grade in this course. A missing assignment is equivalent to course objectives not achieved which results in an "F" (fail) grade for the course.

#### DEDUCTIONS – LATES AND FAILS

#### Lates:

An assignment is considered late if it is not submitted at the time and date specified by the instructor.

A late assignment will be penalized by a 5% deduction for each week that it's late. The total late penalty Will be deduced from the final grade. Eg. 3 weeks late = 15% deduction from final grade.

Maximum grade for a late assignment is "C"

A late assignment which is not executed to a minimum D (satisfactory) level will be assigned a fail grade with additional penalties outlines below.

#### Fail:

A fail grade (F) is assessed to an assignment which has not been executed to a minimum satisfactory "D" grade level or in which the directions have not been followed correctly.

A failed assignment must be entirely re-done or corrected according to the instructor's specific instructions and resubmitted within one week.

A failed assignment will be penalized by a 5% deduction from the final grade.

Maximum grade for a failed assignment is "C"

Failed assignments not submitted within the one week timeframe will be subject to 5% late deductions for each week they are overdue.

#### Attendance:

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated. After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed. i.e. 4 classes missed = 10% deduction form final grade 5 classes missed = 20% deduction from final grade

# **Preliminary Studies:**

- All assignments require preliminary or intermediate steps such as thumbnails, roughs, and preliminary comprehensive layouts.
- These intermediate steps are evaluated according to criteria established by the instructor and submitted according to established timelines. The final grade for each assignment will be an average of the grade achieved for all stages of the assignment. This reinforces the importance of the preliminary stages of each project.

Crade Daint

The following semester grades will be assigned to students in postsecondary courses:

<u>Grade</u>	<u>Definition</u>	Grade Point Equivalent
A+ A	90 – 100% 80 – 89%	4.00
В	70 - 79%	3.00
С	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical	
U	placement or non-graded subject area. Unsatisfactory achievement in field/clinical placement or non-graded subject area.	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the	
NR W	requirements for a course.  Grade not reported to Registrar's office.  Student has withdrawn from the course without academic penalty.	

#### VI. SPECIAL NOTES:

# **Special Needs:**

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Visit Room E1101 or call Extension 703 so that support services can be arranged for you.

## Retention of course outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

# Plagiarism:

Students should refer to the definition of "academic dishonesty" in *Student Rights and Responsibilities*. Students who engage in "academic dishonesty" will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

#### Course outline amendments:

The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

#### Research:

Students are encouraged to use extensive research methods for obtaining proper visual references in the brainstorm/ideation process for design problem-solving. Research materials are welcome in the classroom to assist in the development of images. However, the direct copying of research reference is strictly prohibited by copy infringement laws. Wherever possible, the student should use real life visual reference rather than relying on existing two-dimensional imagery.

#### Homework:

This is a four credit course delivered in a 3 hour supervised format. It is expected that a minimum of one-hour homework be done each week.

#### Course Expectations:

Significant learning takes place in the classroom through an interactive learning approach; therefore, students are expected to attend all classes and to inform the instructor of an anticipated absence.

# Reclaiming and Retaining Past Assignments

For the development of student portfolios it is important that ALL past assignment work be reclaimed and retained by the student.

It is the students, responsibility to reclaim assignments after they have been assessed. Marked assignments will be returned by faculty during classroom sessions and a notice will be posted at the front of the classroom noting that the assignment has been returned. If a student is absent on the day that work is returned the work will be held by faculty for a minimum of three weeks from the return date after which, due to a shortage of storage space, the work may be discarded

#### VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

## **VIII. DIRECT CREDIT TRANSFERS:**

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.

#### **CICE Modifications:**

# **Preparation and Participation**

- 1. An Integrative Educational Assistant will attend class with the student(s) to assist with inclusion in the class and to take notes.
- 2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and guizzes.)
- Study notes will be geared to test content and style which will match with modified learning outcomes.
- 4. Although the Integrative Educational Assistant may not attend all classes with the student(s), support will always be available. When the Integrative Educational Assistant does attend classes he/she will remain as inconspicuous as possible.

# A. Tests may be modified in the following ways:

- 1. Tests, which require essay answers, may be modified to short answers.
- 2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.
- Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
- 4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.

# B. Tests will be written in CICE office with assistance from an Integrative Educational Assistant.

#### The Integrative Educational Assistant may:

- 1. Read the test question to the student.
- 2. Paraphrase the test question without revealing any key words or definitions.
- 3. Transcribe the student's verbal answer.
- 4. Test length may be reduced and time allowed to complete test may be increased.

# C. Assignments may be modified in the following ways:

- 1. Assignments may be modified by reducing the amount of information required while maintaining general concepts.
- 2. Some assignments may be eliminated depending on the number of assignments required in the particular course.

## The Integrative Educational Assistant may:

- 1. Use a question/answer format instead of essay/research format
- 2. Propose a reduction in the number of references required for an assignment
- 3. Assist with groups to ensure that student comprehends his/her role within the group
- 4. Require an extension on due dates due to the fact that some students may require additional time to process information
- 5. Formally summarize articles and assigned readings to isolate main points for the student
- 6. Use questioning techniques and paraphrasing to assist in student comprehension of an assignment

#### D. Evaluation:

Is reflective of modified learning outcomes.
