SAULT STE. MARIE, ONTARIO

Sault College

CICE COURSE OUTLINE

COURSE TITLE: TYPOGRAPHY I

CODE NO. : ADV 126

SEMESTER: Fall

MODIFIED CODE: ADV0126

PROGRAM: GRAPHIC DESIGN

AUTHOR: FRANK SALITURI

MODIFIED BY: Wendy Anderson, CICE Program

DATE: Fall 2005

PREVIOUS OUTLINE DATED:

APPROVED:

DEAN

DATE

TOTAL CREDITS: 4

PREREQUISITE(S): None

HOURS/WEEK: 3

I. COURSE DESCRIPTION:

This course introduces graphic design students to the history, principles, and use of letterforms in communication and covers such areas as typefaces, type families, and tpestyles. Students bring to their lettering design solutions an understanding of such issues as letter formations and proportions, spacing, legibility, optical effects, and the accurate application of visual language skills.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the CICE student, with the assistance of an Educational Assistant, will demonstrate a basic ability to:

1. **Demonstrate the use of traditional, technical design instruments and media, using appropriate degrees of detail and quality.**

Potential Elements of the Performance:

- Demonstrate the use of the paint brush and acrylic paint and/or ink to apply several light coats of paint/ink to fill letterform design shapes so they appear flat, consistent, and clean.
- Demonstrate use of the technical pen on illustration board using a high degree of detail and quality.
- Apply skill and attention to detail in cleaning up edges and minimizing errors.

2. **Demonstrate the ability to apply basic lettering skills and knowledge to begin to create fundamental but effective visual communications.**

Potential Elements of the Performance:

- demonstrate knowledge of the history and principles of letterform design.
- demonstrate knowledge of basic letterform terminology.
- apply letterform skills and knowledge to create original designs.
- demonstrate the ability to achieve desired impact through application of letterform skills and abilities including selection, legibility, spacing.

3. **Develop and implement solutions to basic typographic problems.**

Potential Elements of the Performance:

- demonstrate a command of the design process from research and analysis through to appropriate levels of presentation (e.g. thumbnails) to the final product (finished illustration board).
- Create letters with the use of the grid according to instructions using traditional media.
- demonstrate the ability to create proper letter proportion and letter spacing
- demonstrate the ability to use a typographic grid to manipulate letterforms
- use figure and ground relationships within letter formations

4. **Apply appropriate, effective, and professional practices in the classroom studio setting.**

Potential Elements of the Performance:

- demonstrate organizational skills such as scheduling, prioritizing, planning, and time management.
- demonstrate the ability to work within project restrictions and time limitations.
- make effective design presentations, as per instructor specifications regarding directions and quality.

III. TOPICS:

1. History of letterforms.
2. Formation of the basic skeleton roman alphabet.
3. Use of the grid in letterform formation.
4. Principles of letterforms – typefaces, type families, type styles.

5. Letterform proportion.
6. Spacing – positive and negative space.
7. Optical effects in letterforms.
8. Letterform terminology.
9. Basic elements of preparing artwork for design presentation approval purposes for client or art director (research, thumbnails, layouts, comprehensives of varying degrees of quality and detail).
10. Professional presentation techniques.
11. Professional practices.

IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

The following items from the portfolio kit will be used throughout this course:

For preliminary design studies:

coloured pencils
 markers
 bond paper
 layout paper
 drawing pencils

For finished design

t-square compass
 set squares acrylic paints *
 french curves paint mixing tray
 flexible curves paint brushes
 ruler technical pen
 India ink

* Note: Due to the lack of proper health and safety features of the design studio, no oil based paints are to be used in this course. Only water based acrylic paints will be used.

Students will need to purchase # 27 illustration board and construction paper for cover stock for all the design presentations throughout this course. These items are available in the college’s Campus Shop.

Required text:

A Typographic Workbook: A Primer to History, Techniques, and Artistry.

V. EVALUATION PROCESS/GRADING SYSTEM:

Assignments = 100% of final grade

Assignments will constitute 100% of the student's final grade in this course. A missing assignment is equivalent to course objectives not achieved which results in an "F" (fail) grade for the course.

DEDUCTIONS – LATES AND FAILS

Lates:

An assignment is considered late if it is not submitted at the time and date specified by the instructor.

A late assignment will be penalized by a 5% deduction for each week that it's late. The total late penalty Will be deducted from the final grade. Eg. 3 weeks late = 15% deduction from final grade.

Maximum grade for a late assignment is "C"

A late assignment which is not executed to a minimum D (satisfactory) level will be assigned a failed grade with additional penalties outlines below.

Fail:

A failed grade is assessed to an assignment which has not been executed to a minimum satisfactory "D" grade level or in which the directions have not been followed correctly.

A failed assignment must be entirely re-done or corrected according to the instructor's specific instructions and resubmitted within one week.

A failed assignment will be penalized by a 5% deduction from the final grade.

Maximum grade for a failed assignment is "C"

Failed assignments not submitted within the one week

Timeframe will be subject to 5% late deductions for each week they are overdue.

Attendance:

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated. After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed.
 i.e. 4 classes missed = 10% deduction from final grade
 5 classes missed = 20% deduction from final grade

Preliminary Studies:

- All assignments require preliminary or intermediate steps such as thumbnails, roughs, and preliminary comprehensive layouts.
- These intermediate steps are evaluated according to criteria established by the instructor and submitted according to established timelines. The final grade for each assignment will be an average of the grade achieved for all stages of the assignment. This reinforces the importance of the preliminary stages of each project.

The following semester grades will be assigned to students in postsecondary courses:

Grade	<u>Definition</u>	<i>Grade Point Equivalent</i>
A+	90 – 100%	4.00
A	80 – 89%	
B	70 - 79%	3.00
C	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical placement or non-graded subject area.	
U	Unsatisfactory achievement in field/clinical placement or non-graded subject area.	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

VI. SPECIAL NOTES:

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Visit Room E1101 or call Extension 703 so that support services can be arranged for you.

Retention of course outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in *Student Rights and Responsibilities*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course outline amendments:

The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

Research:

Students are encouraged to use extensive research methods for obtaining proper visual references in the brainstorm/ideation process for design problem-solving. Research materials are welcome in the classroom to assist in the development of images. However, the direct copying of research reference is strictly prohibited by copy infringement laws. Wherever possible, the student should use real life visual reference rather than relying on existing two-dimensional imagery.

Homework:

This is a four credit course delivered in a 3 hour supervised format. It is expected that a minimum of one-hour homework be done each week.

Course Expectations:

Significant learning takes place in the classroom through an interactive learning approach; therefore, students are expected to attend all classes and to inform the instructor of an anticipated absence.

Reclaiming and Retaining Past Assignments

For the development of student portfolios it is important that ALL past assignment work be reclaimed and retained by the student.

It is the students, responsibility to reclaim assignments after they have been assessed. Marked assignments will be returned by faculty during classroom sessions and a notice will be posted at the front of the classroom noting that the assignment has been returned. If a student is absent on the day that work is returned the work will be held by faculty for a minimum of three weeks from the return date after which, due to a shortage of storage space, the work may be discarded

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.

CICE Modifications:

Preparation and Participation

1. An Integrative Educational Assistant will attend class with the student(s) to assist with inclusion in the class and to take notes.
2. Students will receive support in and outside of the classroom (i.e. tutoring, assistance with homework and assignments, preparation for exams, tests and quizzes.)
3. Study notes will be geared to test content and style which will match with modified learning outcomes.
4. Although the Integrative Educational Assistant may not attend all classes with the student(s), support will always be available. When the Integrative Educational Assistant does attend classes he/she will remain as inconspicuous as possible.

A. Tests may be modified in the following ways:

1. Tests, which require essay answers, may be modified to short answers.
2. Short answer questions may be changed to multiple choice or the question may be simplified so the answer will reflect a basic understanding.
3. Tests, which use fill in the blank format, may be modified to include a few choices for each question, or a list of choices for all questions. This will allow the student to match or use visual clues.
4. Tests in the T/F or multiple choice format may be modified by rewording or clarifying statements into layman's or simplified terms. Multiple choice questions may have a reduced number of choices.

B. Tests will be written in CICE office with assistance from an Integrative Educational Assistant.

The Integrative Educational Assistant may:

1. Read the test question to the student.
2. Paraphrase the test question without revealing any key words or definitions.
3. Transcribe the student's verbal answer.
4. Test length may be reduced and time allowed to complete test may be increased.

C. Assignments may be modified in the following ways:

1. Assignments may be modified by reducing the amount of information required while maintaining general concepts.
2. Some assignments may be eliminated depending on the number of assignments required in the particular course.

The Integrative Educational Assistant may:

1. Use a question/answer format instead of essay/research format
2. Propose a reduction in the number of references required for an assignment
3. Assist with groups to ensure that student comprehends his/her role within the group
4. Require an extension on due dates due to the fact that some students may require additional time to process information
5. Formally summarize articles and assigned readings to isolate main points for the student
6. Use questioning techniques and paraphrasing to assist in student comprehension of an assignment

D. Evaluation:

Is reflective of modified learning outcomes.
