NATURE OF COURSE

This course is designed as a follow-up to Seminar 3, and as a co-requisite to Fieldwork IV. One purpose will be to give the student the opportunity to share experiences of a general nature, in order to expand each student's awareness of the various opportunities in the CYW field. Toward this end, students may be required to relate certain experiences from their placement. Issues of a more generalized nature (e.g. legislation, treatment methods, skills teaching and crisis intervention) will be reviewed and discussed. Reference will be made to current placements, past placements, and field activities from outside of our locale. Reference will also be made to material drawn from the other CYW courses, e.g. Psychology, Group Dynamics, Counselling, etc.

Specific subject areas for intensive introductory training include Counselling issues with gay/lesbian youth, and Crisis Intervention.

OBJECTIVES

By the end of the course, students will be able to:

- a) describe and compare the treatment philosophies of the agencies in which they are placed
- b) complete a beginning study of counselling for gay and lesbian youth (8-10 weeks) (objectives for this section will be provided in class)
- c) complete a beginning study of crisis intervention, (12-14 weeks)(objectives for this section will be provided in class)
- d) demonstrate observation skills and fluency in communication skills (oral and written) by presenting oral and written reports as described further in this outline
- e) demonstrate skill in teamwork and decision making by actively contributing to class discussions
- f) demonstrate: self-awareness, tolerance of others; willingness to learn about other systems of service delivery by utilizing active listening and reflecting skills, engaging in positive discussion, reinforcing others' contributions and validating others' expressions
- g) apply previously-learned clinical skills to each of the major areas of study as noted in # b and c above

LEARNING RESOURCES

In addition to the resources of the College, students will be required to obtain the following text (available in the college bookstore):

1. Greenstone, J. and Leviton, S. (1993) Elements of Crisis Intervention, Toronto: Brooks-Cole (Nelson)
2. Schnieder, M. (1988). Often Invisible: Counselling Gay and Lesbian Youth. Toronto: Central Toronto Youth Services

METHODOLOGY

There will be some lecture and considerable discussion, with a strong degree of input and initiative from the students. Guest speakers, demonstrations, videos and role plays will all be featured.

* The provisions of the "Child and Youth Worker Program Policies" will apply at all times in this course, especially with regard to confidentiality and reporting format.

REQUIREMENTS

1. Preservation of confidentiality as per CYW policy on confidentiality.
2. Regular attendance at Integrated Seminar - 80% of classes per semester is minimum. The total grade will be reduced if attendance falls below 80%. The purpose of attendance is to ensure that presentations are done before a receptive, contributing audience, as well as to allow students to demonstrate their professional commitment. Graduate level participation is expected, and one cannot participate if absent! Allowance is made here for illness and emergencies - the instructor reserves the right to ask for verification of absence in any case. Excessive illness will need medical attention and should be discussed with the instructor.
3. Participation in presentations, role plays and discussion at the graduate level. This is a professional responsibility and will be considered as a display of commitment. Failure to perform here will lead to grade demotion.

Course Outline: CCW 415

4. Punctual completion of various assignments and readings at graduate level. The instructor will determine the grading for this section. These may include reports on trends in the field, legislation changes, etc. Supplementary reading will be included here.

 - a) Journal summaries,
 - b) Incident Reports, and
 - c) Case Reports.

[Regarding (b) and (c), these are described in Appendix I of this course outline.]

GRADING

The final grade will be calculated according to the description of requirements. The outline below will indicate how to earn your chosen grade:

1. For an "A+" or "A":

(The difference will be mainly determined by the overall performance level. Students who believe they have performed at the A+ level will have to present their case to the instructor.

- plus** b) performance of Requirement #5 as noted above, and at the following level (80% of final grade)
 - one (1) oral presentation following the "Case Report" form in Appendix I by April 13, 1995.

The professor has the prerogative of assigning a repeat presentation or rewrite if either is not performed at a suitable level – this will be explained in detail in the class, so that everyone is aware of expectations.

Students who request it will receive verbal feedback on their progress in this course.

Well-written reports usually do not have to be rewritten. Oral reports may be presented at any time provided a one-week notice is given to the instructor – to allow for preparation. Note the deadlines for oral presentations as stated above.

A student who, for any reason, does not complete all requirements for a certain grade will automatically be placed at the next lowest level. A student who does not complete at least the basic requirements for a "C" grade may be asked to continue work in this course, even though the student's placement may be completed.

Students must be successful in Semester 5 before proceeding to the second part, in Semester 6.

This outline may be amended, with notification to the students.
