I. COURSE DESCRIPTION:

Child Care Methodology I will serve as an introductory course to the field of Child and Youth Work. The basic philosophy throughout this course is that there is a set of attitudes, specific knowledge, skills and proficiencies that are uniquely those of the competent Child and Youth Worker. Child and Youth Work is an established profession with a unique history and operates within a Code of Ethics and has both a provincial (Ontario Association of Child and Youth Counsellors – OACYC), and a national (Canadian Association of Child and Youth Counsellors – CYCC) association.

In this course, we will explore three central themes: the child at risk; the environment or settings that serve the child; and the Child and Youth Worker as an agent of therapeutic change.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

- b. Apply the knowledge to simulated situations.

- 3. Foster and utilize therapeutic environments that respect culture and promote overall well-being and facilitate positive change for children, youths, and their families.**

Potential Elements of the Performance:

- a. Define specific child management skills pertinent to various treatment modalities - with specific focus on educational, residential, community and family settings.

V. EVALUATION PROCESS/GRADING SYSTEM.

The class will be taught through a combination of lectures, presentations and group discussion. The format will vary according to material being presented.

- a) Attendance: It is expected that the participant will maintain a level of attendance reflective of a commitment to the learning and to the profession. Children and youth require reliable and dependable adults in their lives and these qualities are expected to be demonstrated in class.
- b) To complete assigned reading/research and be prepared to discuss this material in class.
- c) To participate actively and fully in class discussions, to be respectful of your colleagues, the instructor and the material presented. The Students' Rights and Responsibilities policies apply to all students at all times within the college and our Code of Ethics addresses respectfulness as well.
- d) To be prepared to demonstrate effective intervention techniques through role-play, simulations, and/or critical incident analysis.
- e) To complete in-class tests on the material covered.
- f) To complete and submit or present assignments as per assigned dates. There may not be any additional time to do a presentation if you fail to present on your assigned date.

ASSIGNMENTS:

1. **Activity Presentation:** using the text, *Feeling Great*, a pair of students will present an activity to the class. The activity should take 5 to 10 minutes and will be presented at the beginning of each class as an “ice-breaker” or warm-up activity. This activity will need to be interactive, creative and may involve the whole class or be a demonstration of the activity. The schedule will be established in the first week of class. Due date is _____.
This assignment is worth 10% of your final grade.
2. **Journal Summary:** Using the web site www.cyc-net.org, each student will select a journal article and write a 2 to 3 page summary of the article including the following points: identify the central issue addressed in the article; address the impact of the issue as it relates to understanding, prevention and/or intervention issues for children and youth; and your personal reaction to the article. Date due is _____. This assignment is worth 10% of your final grade.
3. In class written or presentation assignments. These assignments will be done in class and submitted as completed.

NOTE: In the event that mid-term grades are not satisfactory, the student will be required to meet with the instructor to develop a strategy whereby academic difficulties may be dealt with and the student may proceed to an overall "passing grade" in the course.

Note: It is the student's responsibility to schedule this meeting with the teacher upon receipt of mid-term grades.

An "F" at mid-term is an automatic course repeat.

***Tests will be written as scheduled – time (allotted in class) and date. If a student arrives late for a test, they may enter the testing room, provided no student has yet left the room. There will be no extra time allowed to complete the test. It is the students’ responsibility to be punctual. There will be no opportunity to write missed tests. There are no ‘make-up’ assignments or tests. Missing one test need not constitute failure in the course.**

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Visit Room E1101 or call Extension 703, so that support services can be arranged for you.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in *Student Rights and Responsibilities*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course, as may be decided by the professor. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.
