IV. METHODOLOGY:

There will be some lecture and considerable discussion, with a strong degree of input and initiative from the students.

* The provisions of the "Child and Youth Worker Program Policies" will apply at all times in this course, especially with regard to confidentiality and reporting format.

** The student needs to demonstrate understanding and empathy for vulnerable clients and their unique issues by way of written assignments and verbal discussions. This can be demonstrated by the absence of judgmental statements and the genuine attempt to view the situation/issue from another's perspective.

V. REQUIREMENTS:

1. Demonstration of Professional Communication and Interaction Skills:

Throughout the semester, students will have opportunities to reflect upon, and answer questions about their ongoing placement experiences and offer their reflections and input regarding the placement experiences of others. They will demonstrate professional communication and interaction skills by collaborating effectively with peers in classroom exercises and activities, by showing support for others, sharing ideas and taking appropriate professional risks within the context of a learning environment. They will demonstrate their ability to respond to feedback in a professional manner. Simply "attending" will not fulfill the requirements of this component of the course requirements; however, regular attendance will provide the best opportunity for demonstration of these skills.

Note: Failure to complete seminar assignments and/or community practicum hours can result in a repeat of both the Seminar and Community Practicum courses as they are co-requisite graduation requirements.

2. Preservation of confidentiality as per CYW policy on confidentiality

3. Punctual completion of various assignments and any supplemental reading is expected for a graduating student. This is a student-directed responsibility. Grading criteria and dates for these assignments to be provided. The instructor will determine the grading for this section. Late assignments will be deducted one percentage of the overall course grade for every day it is late and will not be accepted beyond 7 days past the due date.

Punctual submission of field documentation is required:

Time Sheets to be submitted monthly with agency supervisor's signature, initials and student's signature. If time sheet is not received within one week of month's end, a deduction of 2% from participation grade will occur. Student will have opportunity to earn back .5% for each time sheet handed in on time after that point in the semester. If late a second time, follow-up with the college field placement supervisor will be required and placement may be suspended until hours can be verified. ***Mid-term and final evaluation forms must similarly be submitted within one week of due date. Failure to submit forms may result in suspension of placement. Any time missed due to placement suspension must be made up*** in order for student to be successful. If there is no opportunity for make up time due to the nature of the placement (or if the supervisor is unwilling or unable to negotiate a make-up schedule) the student may be assigned a failing grade in both practicum and seminar. Additional reporting and monitoring requirements for individual students, as assigned by the individual placement or by the College fieldwork supervisor.

VI. EVALUATION PROCESS/GRADING SYSTEM:

All students MUST submit all papers and assignments through the Dropbox on D2L. Assignments not submitted in this fashion will not be accepted and the students will be directed to resubmit their assignment through the proper channels.
