Assignments:

Refer to the description and grading criteria for each of the course requirements distributed under separate cover.

***All evaluation criteria is available on the data file for this course HSC201-MM**

1. Creative Scrounge:

Budgetary constraints in Child and Youth Work settings have implications on the number of arts and crafts material available. This lack of material need not impact significantly on a therapeutic A & C program. The purpose of this assignment is to provide the experience of working with inexpensive materials, cast-offs, etc.

Students are responsible for 'scrounging' enough material for all participants and then leading the activity. Students are also responsible for discussion and clean up following the activity.

The student must identify the therapeutic value of both the content and process of the activity and submit same along with a written self-evaluation within a week of conducting the activity.

Note: Students may choose to purchase some materials for this assignment. This is not required, often unnecessary and in any event is to be limited to approx. \$5.00 max.

2. Therapeutic Aid

Each student will construct and present a therapeutic aid to be utilized in a play therapy context. Aids may include self designed puppets, toys, posters, games etc. which have therapeutic applications (helping children to explore emotions, learn problem solving strategies, facilitate self disclosure, teach survival skills etc.) Due date will be provided in class.

3. Gym Activities:

In pairs, students will plan and lead a 40-minute gym session. The requirement for this also includes attention to therapeutic values. Note that these sessions are geared to experimentation with leadership skills in a gym setting. The emphasis is of course on gross motor activities.

4. Session Plan:

Each student will prepare a detailed session plan as part of an overall program initiative. Details will be provided in class. See evaluation format for specific detail. Due in March – date to be announced.

5. Children's Literature Presentation:

Participants will work in small groups to present a representative sample and discussion of the therapeutic value of children's literature. Groups will be assigned.

* **Assignment Dates:**

Specific assignment dates will be in accordance with a schedule to be handed out in class at the beginning of the semester.

The following semester grades will be assigned to students in post-secondary courses:

<u>Grade</u>	<u>Definition</u>	<u>Grade Point Equivalent</u>

X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

Note: For such reasons as program certification or program articulation, certain courses require minimums of greater than 50% and/or have mandatory components to achieve a passing grade.

It is also important to note, that the minimum overall GPA required in order to graduate from a Sault College program remains 2.0.

VI. SPECIAL NOTES:

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your instructor and/or the Special Needs office. Retention of course outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in the *Student Code of Conduct*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course outline amendments:

The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.
