Prepared: Sarah Birkenhauer and Deron Tett

Approved: Sherri Smith, Chair, Natural Environment, Business, Design and Culinary

Course Code: Title	CUL103: NUTRITION AND WELLNESS		
Program Number: Name	1071: CULINARY SKILLS 2078: CULINARY MANAGEMENT		
Department:	CULINARY/HOSPITALITY		
Semesters/Terms:	18F		
Course Description:	Nutrition plays a vital role in menu selection for todays restaurant clientele. In this course, students will gain a foundational understanding of nutrition as applied to dietary concerns, menu selection and clients needs. Students will also acquire knowledge of basic nutrients, food labeling, nutritional principles and analysis and the application of these to recipes and menu development.		
Total Credits:	3		
Hours/Week:	3		
Total Hours:	45		
Prerequisites:	There are no pre-requisites for this course.		
Corequisites:	There are no co-requisites for this course.		
Vocational Learning Outcomes (VLO's) addressed in this course: Please refer to program web page for a complete listing of program outcomes where applicable.	 1071 - CULINARY SKILLS VLO 3 contribute to and monitor adherence of others to the provision of a well-maintained kitchen environment and to the service of food and beverage products that are free from harmful bacteria or other contaminants, adhering to health, safety, sanitation and food handling regulations. VLO 4 ensure the safe operation of the kitchen and all aspects of food preparation to promote healthy work spaces and the responsible, efficient use of resources. VLO 5 support the development of menu options that reflect knowledge of nutrition and food ingredients, promote general health and well-being, respond to a range of nutritional needs and preferences and address modifications for special diets, food allergies and intolerances, as required. VLO 7 apply basic knowledge of sustainability, ethical and local food sourcing, and food security to food preparation and kitchen management, recognizing the potential impacts on food production, consumer choice and operations within the food service industry. VLO 10 develop strategies for continuous personal and professional learning to ensure currency with and responsiveness to emerging culinary techniques, regulations, and practices in the food service industry. 2078 - CULINARY MANAGEMENT VLO 3 contribute to and monitor adherence of others to the provision of a well-maintained kitchen environment and to the service of food and beverage products that are free from harmful bacteria or other contaminants, adhering to health, safety, sanitation and food handling regulations.
