PHILOSOPHY/GOALS:

1. To provide the student with knowledge of the techniques used to analyze and interpret financial information.
2. To give the student an understanding of the use of financial data for decision making.
3. To provide the student with a knowledge of the technical words or terms used in accounting in the hospitality industry.
4. To make the students aware of the factors involved in pricing, budgeting and internal control in the hotel and restaurant industry.

METHOD OF ASSESSMENT (GRADING METHOD):

There will be four tests during the semester. Each test will count as 25% towards a final grade.

There will be a rewrite for students not achieving a passing mark for each test during the semester. The grading will be based on the following criteria:

90-100.....	A+
80-89.....	A
70-79.....	B
55-69.....	C
Below 55.....	R (Repeat)

The final grade will be based on the average mark of the four semester tests.

TEXTBOOK(S):

Hospitality Management Accounting - Michael m. Coltman

REFERENCE TEXTBOOK:

Management Accounting for Hotels & Restaurants  
- Richard Kotas and Lee Kreul
