FIELD WORK II

DSW 111

PREREQUISITE(S): DSW 103 FIELD WORK I

I. PHILOSOPHY/GOALS:

Fieldwork II is designed to give students the experience and skills necessary to work in a variety of work settings. Students will learn knowledge related to programming by performing various assignments with methods of observation, as well as hands-on training experience with Developmentally Handicapped individuals.

II. STUDENT PERFORMANCE OBJECTIVES:

Upon successful completion of this course the student will:

- 1) Have a greater understanding of the functions and services which his/her placement agency provides.
- 2) Develop a sense of team work by experiencing interactions with other professionals in the field.
- 3) Observe a variety of techniques for training and teaching Developmentally Handicapped persons.
- 4) Learn the importance of proper work habits and how these habits affect others, i.e. supervisors, other staff members, and peers.
- 5) Learn to follow lines of communication and how to deal with conflicts should they arise.
- 6) Learn to manage and utilize his/her time effectively.
- 7) Develop a sense of responsibility and a feel for the role of a D.S.W. professional.

III. TOPICS TO BE COVERED:

The D.S.W. student will be assigned to a variety of applied training settings such as: vocational placements; developmental centres; workshops; etc.

V. EVALUATION METHODS:

Using a variety of methods, students will be evaluated by faculty and with the assistance of the agency supervisor. Assignments, work habits, competency in skills areas, communications with supervisors, professionalism and, most importantly, care and treatment of the client will be used to measure performance. It is the student's responsibility to submit to designated faculty supervisors the mid-term and final evaluations. Evaluation of courses is subject to change.

Grading System

A Satisfactory or Unsatisfactory grade will be given.

Consistent and regular attendance is of utmost importance to a student's Satisfactory grade. Failure to meet this criteria will result in termination of Field Work II and an Unsatisfactory grade will be given and repeat will be necessary.

Assignments

Students will prepare a written summary following prescribed guidelines:

- . Function and purpose of specific placement
- . Methods used to reach this end
- . General philosophy of the program
- . Short-range and long-range goals

Assignments pertaining to the specific placement will be assigned.

NOTE:

Students are reminded to adhere to D.S.W. Department policy regarding confidentiality (see "Student Placement Manual"). Field Work Seminar class discussions may also involve confidential information about clients and must, therefore, also be treated as such. Breach of confidentiality by a student may result in that student being dismissed from the D.S.W. Program.

SPECIAL NOTES

Students with special needs (eg. physical limitations, visual impairments, hearing impairments, learning disabilities) are encouraged to discuss required accommodations confidentially with the instructor.

Your instructor reserves the right to modify the course as he/she deems necessary to meet the needs of students.
