Semester:	FIRST
Author:	KAREN DELUCO
Date:	SEPTEMBER 1992 Previous date: SEPTEMBER 1991

APPROVED:

School of Human Sciences and Teacher Ed.

Developmental Psychology

PSY 100-3

TOTAL CREDIT HOURS; 45 hours

COURSE DESCRIPTION:

Human growth and psychological development, from conception through late https://doi.org/, will be studied with an emphasis on the characteristic developmental changes in a person's behavior, that are a result of the interactive and interdependent effects of maturation and experience. Psychological methodology, research, concepts, and theories will be examined in relation to developmental tasks and processes.

COURSE PHILOSOPHY:

This course is designed to develop students' understanding of the concepts, methodologies, theories and processes of normal human psychological development from conception through late childhood. Changes in behavior throughout the life span, will be interpreted as resulting from the dynamic, interdependent, and interactive effects of maturation and experience.

COURSE GOALS:

To study and develop an understanding of:

- 1. The Different philosophical assumptions and theoretical viewpoints regarding the nature of man and his psychological development.
- 2. The methodologies, research, concepts, <u>theories</u>, and determinants of human psychological development from conception through late childhood.
- 3. The <u>developmental tasks</u> and processes that characterize each phase of human psychological development from conception through late childhood.
- 4. The interactive and interdependent effects of maturation and experience on age related*changes in human behavioral development.

STUDENT PERFORMANCE OBJECTIVES:

After the completion of this course the student will be able to critically discuss and demonstrate, through oral and written responses, an understanding of:

- 1. The characteristic age related changes in human behavior and psychological processes from conception through late childhood.
- 2. The interactive and interdependent effects of maturation and experience on human psychological development.
- 3. The various philosophical assumptions and theoretical interpretations regarding the nature of human psychological development.

Developmental Psychology

PSY 100-3

4. The methodologies, research, concepts, theories, and determinants of human psychological development.

TEXTS;

<u>Life-Span Development, Fourth Edition.</u> J.W. Santrock, W.C. Brown Co., Publishers, 1992

Students will be responsible for <u>regular attendance and class participation</u> in all areas of the course as outlined and for all readings, assignments, and tests as requested by the instructor. The course evaluation system can be modified at the discretion of the instructor.

The final course grade will be determined as follows:

Class Attendance	15%
Test #1 - Ch. 1, 2, 3	25%
Test #2 - Ch. 4, 5, 6, 7	30%
Test #3 - Ch. 8, 9, 10, 11	30%
	100%

COLLEGE GRADING POLICY

A+ = 90-100%

A = 80 - 89%

B = 70 - 79%

C = 60 - 69%

R = below 60%

PSY 100-3

SPECIAL NOTES

If a student is unable to make a test due to **serious** illness or incident, he or she is obligated to contact the instructor **prior** to test time. The instructor may make a determination as to whether the student can write the exam at a later date. If the student cannot make contact with the instructor they are to call 759-6774, ext 560 or 541 and leave a message. Failure to provide the instructor with notification will result in a grade of zero.

The instructor reserves the right to alter course material and grading as deemed necessary.

Students with special needs (eg. physical limitations, visual impairments, hearing impairments, learning disabilities) are encouraged to discuss required accommodations confidentially with the instructor.

Your instructor reserves the right to modify the course as he/she deems necessary to meet the needs of students.
