% G106 - Introduction to Human Service
Instructor - Linda Pozzebon

I. COURSE DESCRIPTION

This course is designed to explore careers in the human services field and familiarize students with various human services found in our community. Human relations skills and their importance to the helping professions will be emphasized. The intent is to have students:

1. Develop an informed awareness of the human service field, its' agencies, resources and professional attributes.
2. Determine their individual interest/suitability in human services as a career choice.

II. COURSE OBJECTIVES

The student will be able to:

1. Discuss programs and career opportunities in the various human services found in our community.
2. Locate information about education programs in the field of Human Services in our community and in Ontario
3. Demonstrate awareness of the evolution of the social welfare system in Canada, its' philosophical base, nature of services and professional values.
4. Demonstrate awareness of interpersonal skills and characteristics required in human services work including:
 - a) utilization of effective observation skills and procedures
 - b) importance of attitudes, skills and knowledge to help human service workers experience understanding, openness, honesty and intimacy
 - c) identification of barriers to communication and demonstration of strategies for effective communication
 - d) effective use of interview skills to obtain and report on information
5. Understand the concepts, principles and skills of effective networking within the community.
6. Demonstrate career planning skills and set future goals.
