Plagiarism

To plagiarise is to “take and use as one’s own (thoughts [ideas], writings, inventions, etc. of another); especially to take and use a passage, plot, etc. from the work of another writer” (Gage Canadian Dictionary, 1983, p. 861).

Students should refer to the definition of “academic dishonesty” in the “Statement of Students’ Rights and Responsibilities” (on-line Intranet for Sault College). Also, in order to collaborate on an assignment, students need prior permission from the professor.

Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or other such penalty, up to and including expulsion from the course.

In order to protect students from inadvertent plagiarism, to protect the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.
