I. COURSE DESCRIPTION:

This course seeks to provide the student with an introduction to Human Geography and its subdivision disciplines of politics, economics, history and social studies.

The relationship between the earth, human activities and contemporary issues is emphasized. Students will see the relevance of geographic concepts as applied to human problems and achievements. Students will gain understanding of places, regions and spatial relationships as a result of the interaction between nature, culture and human activity.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

A. Learning Outcomes

- 1. Recognize human geography concepts.
- 2. Examine the changing global context.
- 3. Investigate Geographies of Population.
- 4. Investigate the interaction between humans, environment and technology.
- 5. Explore the Mapping of Cultural Identities.
- 6. Explore the Geography of Economic Development.
- 7. Investigate Agriculture and Food Production.
- 8. Explore the Politics of Territory and Space.
- 9. Develop skills in investigation and presentation of human geography.

B. Learning Outcomes and Elements of the Performance

1. Recognize human geography concepts.

Potential Elements of the Performance:

- explore the uniqueness of Places and the influence and meaning of Places
- identify the interdependence of geographic scales and the two-way process of interdependence
- explore geography and exploration
- probe globalization
- review human geographical concepts and tools

2. Examine the changing global context.

Potential Elements of the Performance:

- trace pertinent historical developments of Human Geography
- investigate industrialization and geographic change
- investigate World Leadership Cycles
- define the World-system, division of labour and world divisions
- 3. Investigate Geographies of Population

Potential Elements of the Performance:

- recognize and explore demography
- understand population distribution and structure
- recognize and apply:
 - population dynamics and processes
 - population and migration issues
- relate population, health and environment issues
- gather census data
- 4. Investigate the interaction between humans, environment and technology.

Potential Elements of the Performance:

- define nature, society and technology
- conceptualize Nature through culture, religions and science
- investigate key historical impacts on Nature
- explore environmental impacts of energy needs
- 5. Explore the Mapping of Cultural Identities.

Potential Elements of the Performance:

- investigate culture as a geographical process
- investigate geography, religion and language
- describe Cultural Nationalism
- explore and investigate:
 - sexual geography
 - ethnicity and place
 - o race and place
 - o gender, glass and vulnerability
- explore Globalization and Cultural Change
- 6. Explore the Geography of Economic Development.

Potential Elements of the Performance:

- assess the unevenness of economic development
- investigate global core-periphery patterns
- apply economic structure of countries and regions
- explore principles of commercial and industrial location
- investigate economic interdependence: Agglomeration Effects
- investigate Globalization and local economic development.

7. Investigate Agriculture and Food Production.

Potential Elements of the Performance:

- trace traditional methods, revolutions and global restructuring in agricultural production
- investigate the impact of the Environment on Agriculture and the impact of Agriculture on the Environment
- 8. Explore the Politics of Territory and Space.

Potential Elements of the Performance:

- trace the development of Political Geography
- investigate Geopolitics and World Order
- understand the difference between Geopolitics and political geography
- 9. Develop skills in group investigation and presentation of human geography.

Potential Elements of the Performance:

- investigate a geographical subject
- apply human geographical terms
- analyze patterns
- construct a presentation
- illustrate reporting/presentation methods

III. REQUIRED RESOURCES/TEXTS/MATERIALS:

- 1. Knox, P. L., Marston, S. A., & Nash, A. E. (2010). Human geography: Places and regions in global context. (Third Canadian Ed.). Toronto: Pearson/Prentice Hall.
- 2. Additional Resource Materials Handouts, Video, etc., (provided by the professor)

IV. **EVALUATION PROCESS/GRADING SYSTEM:**

1. Section tests: 40% 2. Labs and written work: 30% 3. Presentation: 20% 4. Attendance, participation

and evaluations: 10%

The following:	semester	grades	will be	assigned	to	students:

Crada	Definition	Grade Point
<u>Grade</u>	<u>Definition</u>	<u>Equivalent</u>
A+ A	90 – 100% 80 – 89%	4.00
В	70 - 79%	3.00
С	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
OD (O III)		
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical	
0	placement or non-graded subject area.	
U	Unsatisfactory achievement in field/clinical	
	placement or non-graded subject area.	
X	A temporary grade limited to situations with	
	extenuating circumstances giving a student	
	additional time to complete the requirements	
	for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course	
	without academic penalty.	

Note: For such reasons as program certification or program articulation, certain courses require minimums of greater than 50% and/or have mandatory components to achieve a passing grade.

It is also important to note, that the minimum overall GPA required in order to graduate from a Sault College program remains 2.0.

NOTIFICATION POLICY IN BRIEF

(Mutual Respect, Courtesy and Accountability)

If a student misses a test due to a <u>verifiable illness</u> or incident, the professor will determine if the student is eligible for an extension for an assignment or re-scheduling of a test. The student is ultimately responsible and obligated to <u>contact the professor</u> by phone, in person or in writing <u>prior</u> to the assigned due date or test time. The 24-hour voice mail number allows you to immediately notify the professor with your name, message and phone number.

Upon returning to the college, (i.e. first day back) the student will immediately contact the professor to make arrangements for the test or assignment. Call, or come by the professor's office, or leave a note under his/her office door with a telephone number where you can be reached. Failure to do so will result in a zero grade.

NOTE: Mid Term grades are provided in theory classes and clinical/field placement experiences. Students are notified that the midterm grade is an interim grade and is subject to change.

V. SPECIAL NOTES:

Attendance:

Sault College is committed to student success. There is a direct correlation between academic performance and class attendance; therefore, for the benefit of all its constituents, all students are encouraged to attend all of their scheduled learning and evaluation sessions. This implies arriving on time and remaining for the duration of the scheduled session.

It is the departmental policy that once the classroom door has been enclosed, the learning process has begun. Late arrivers will not be granted admission to the room.

VI. COURSE OUTLINE ADDENDUM:

The provisions in the addendum are located on the student portal and form part of this course outline. Students are responsible for becoming familiar with this information. Go to https://my.saultcollege.ca.
