**III. TOPICS:** Each student will develop advanced illustrations that are suitable for commercial reproduction

1. Mixed media, using a variety of materials to develop effective editorial illustrations
2. Illustrations for book cover designs
3. Illustrations for magazine cover designs
4. Sequential Illustrations
5. Story boarding
6. Mixed media, using a variety of materials to develop effective editorial illustrations

**IV. REQUIRED RESOURCES/TEXTS/MATERIALS:**

*No textbooks required*

Students should bring their basic art supplies as purchased in their art supply kit to every class. Students will be given advance notice as to additional materials on a per project basis. Students must come to class with the proper materials to work in class weekly.

Students are encouraged to use extensive research methods for obtaining proper visual references in the brainstorm/ideation process for design problem-solving. Research materials are welcome in the classroom to assist in the development of images. However, the direct copying of research reference is strictly prohibited by copy infringement laws. Wherever possible, the student should use real life visual reference rather than relying on existing two-dimensional imagery.

**V. EVALUATION PROCESS/GRADING SYSTEM:**

**Assignments = 75% of final grade, SKETCHBOOK = 25%**

Assignments will constitute 75% of the student's final grade in this course, Sketchbook will constitute 25%. A missing assignment is equivalent to course objectives not achieved which results in an "F" (fail) grade for the course.

## ***DEDUCTIONS – LATES AND FAILS***

### **Lates:**

An assignment is considered late if it is not submitted at the time and date specified by the instructor.

A late assignment will be penalized by a 5% deduction for each week that it's late. The total late penalty will be deducted from the final grade. Eg. 3 weeks late = 15% deduction from final grade.

Maximum grade for a late assignment is "C"

A late assignment which is not executed to a minimum D (satisfactory) level will be assigned a fail grade with additional penalties outlined below

### **Fail:**

A fail grade (F) is assessed to an assignment that has not been executed to a minimum satisfactory "D" grade level or in which the directions have not been followed correctly.

A failed assignment must be entirely re-done or corrected according to the instructor's specific instructions and resubmitted within one week.

A failed assignment will be penalized by a 5% deduction from the final grade.

Maximum grade for a failed assignment is "C"

Failed assignments not submitted within the one week

Time frame will be subject to 5% late deductions for each week they are overdue.

### ***Resubmission policy.***

Any assignment completed during this course may be submitted for re-evaluation if the following criteria are met by the student.

- a) an assignment that was initially submitted past the initial assigned deadline will not be eligible for re-evaluation.
- b) an assignment that initially achieved a fail grade must be resubmitted to achieve minimum project standards and will receive a maximum C grade as indicated under the section for Lates and Fails in this outline.
- c) the resubmitted project must be accompanied by the original project and the original evaluation sheets (with written indication of grade breakdown) provided by the professor
- d) assignments may be resubmitted at any time during the semester. The final date for last resubmissions will be announced by the professor during class and usually are no later than two weeks prior to the end of the

semester.

e) Resubmitted assignments must identify the project and class, and be clearly marked "RESUBMISSION" when submitted

f) it must be understood that resubmitted assignments are usually marked with greater scrutiny than first submissions to take into consideration the learning experiences, practice, and achievement of learning outcomes achieved by the student during later sessions in the semester.

g) When comparing the original submission grade and the resubmission grade the student will receive benefit of the higher grade

h) Assignments will not be accepted for resubmission to include preliminary studies. Preliminary studies should be completed before the commencement of work on final comprehensives and as such will only be considered for evaluation on or before the original submission. Assignments resubmitted to include preliminaries must be completely re-done and have a new creative direction for evaluation.

#### **Attendance:**

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated. After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed.  
i.e. 4 classes missed = 10% deduction from final grade  
5 classes missed = 20% deduction from final grade

#### **Preliminary Studies:**

- All assignments require preliminary or intermediate steps such as thumbnails, roughs, and preliminary comprehensive layouts.
- These intermediate steps are evaluated according to criteria established by the instructor and submitted according to established timelines. The final grade for each assignment will be an average of the grade achieved for all stages of the assignment. This reinforces the importance of the preliminary stages of each project.

#### Reclaiming and Retaining Past Assignments

For the development of student portfolios it is important that ALL past assignment work be reclaimed and retained by the student.

It is the students, responsibility to reclaim assignments after they

have been assessed. Marked assignments will be returned by faculty during classroom sessions and a notice will be posted at the front of the classroom noting that the assignment has been returned. If a student is absent on the day that work is returned the work will be held by faculty for a minimum of three weeks from the return date after which, due to a shortage of storage space, the work may be discarded

**The following semester grades will be assigned to students:**
