

I. COURSE DESCRIPTION:

This course introduces graphic design students to the history, principles, and use of letterforms in communication and covers such areas as typefaces, type families, and tpestyles. Students bring to their lettering design solutions an understanding of such issues as letter formations and proportions, spacing, legibility, optical effects, and the accurate application of visual language skills.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, students will demonstrate the ability to:

1. use traditional and digital media, with a high degree of detail and quality.

Potential Elements of the Performance:

- Demonstrate the use of the paint brush and acrylic paint and/or ink to apply several light coats of paint/ink to fill letterform design shapes so they appear flat, consistent, and clean.
- Demonstrate use of pen and pencil on illustration board using a high degree of detail and quality.
- Effectively use the tools in Adobe Indesign.
- Apply skill & attention to detail when using traditional and digital media.

2. apply basic lettering skills and knowledge to begin to create fundamental but effective visual communications.

Potential Elements of the Performance:

- demonstrate knowledge of the history and principles of letterform design.
- demonstrate knowledge of basic letterform terminology and the ability to identify the anatomy of a letter.
- apply letterform skills and knowledge to create original designs.
- demonstrate the ability to achieve desired impact through application of letterform skills and abilities including selection, legibility, proportion, construction, and letterform relationships.
- Ability to identify type families and use the VOX classification system.

3. Develop and implement solutions to basic typographic problems.

Potential Elements of the Performance:

- demonstrate a command of the design process from research and analysis through to appropriate levels of presentation (e.g. thumbnails) to the final product (finished illustration board).
- Create letters with the use of the grid according to instructions using traditional and digital media.

- demonstrate the ability to create proper letter proportion and letter spacing
- demonstrate the ability to use a typographic grid to manipulate letterforms
- use figure and ground relationships within letter formations

4. **Apply appropriate, effective, and professional practices in the classroom studio setting.**

Potential Elements of the Performance:

- demonstrate organizational skills such as scheduling, prioritizing, planning, and time management.
- demonstrate the ability to work within project restrictions and time limitations.
- make effective design presentations, as per instructor specifications regarding directions and quality.

III. TOPICS:

1. History of letterforms.
2. Formation of the basic skeleton roman alphabet.
3. Use of the grid in letterform formation.
4. Principles of letterforms – typefaces, type families, type styles, VOX classification
5. Letterform proportion and relationships
6. Spacing – positive and negative space.
7. Optical effects in letterforms.
8. Letterform terminology.
9. Basic elements of preparing artwork for design presentation approval purposes for client or art director (research, thumbnails, layouts, comprehensives of varying degrees of quality and detail).
10. Professional presentation techniques and professional practices.

IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

Tools from your portfolio kit will be used throughout this course:

* Note: Due to the lack of proper health and safety features of the design studio, no oil based paints are to be used in this course. Only water based acrylic paints will be used.

Students will need to purchase # 27 illustration board and construction paper for cover stock for all the design presentations throughout this course. These items are available in the college's Campus Shop.

Required text:

Typographic Design, Form and Communication, Carter, Day, Meggs, ISBN 0-471-383431-4, Wiley

V. EVALUATION PROCESS/GRADING SYSTEM:**Assignments = 100% of final grade**

Final evaluation for this course will be a letter grade as outlined below.

Assignments will be weighted equally and will constitute 100% of the student's final grade. **A missing assignment is equivalent to course objectives not achieved which results in an "F" (fail) grade for the course.**

The following semester grades will be assigned to students:

Grade	Definition	<i>Grade Point Equivalent</i>
A+	90 – 100%	
A	80 – 89%	4.00
B	70 - 79%	3.00
C	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical placement or non-graded subject area.	
U	Unsatisfactory achievement in field/clinical placement or non-graded subject area.	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

VI. SPECIAL NOTES:**Attendance:**

Significant learning takes place in the classroom setting through an interactive learning approach; therefore students are expected to attend all classes and inform the instructor of an anticipated absence. Attendance is mandatory for this course to ensure the course requirements and objectives are met. A total absence of 3 classes for the semester will be tolerated. After 3 absences penalties will take effect, an additional 10% will be deducted from the final grade for this course per class missed and %5 deduction for lates.

i.e. 4 classes missed = 10% deduction form final grade

4 classes missed and 1 late = 15% deduction from final grade

DEDUCTIONS – LATES AND FAILS

All assignments must be submitted to a D level to achieve credit for this course

Lates:

An assignment is considered late if it is not submitted at the time and date specified by the instructor. The maximum grade a late assignment will be assessed is a C (65%) grade.

If an assignment deadline is missed the student **MUST** immediately negotiate a new deadline with the instructor. If a renegotiated deadline is missed the maximum allowable grade is 50% D when the assignment is submitted for evaluation.

A late assignment which is not executed to a minimum D (satisfactory) level will be assigned a fail grade with additional penalties outlined below.

Fail:

A fail grade (F) is assessed to an assignment which has not been executed to a minimum satisfactory “D” grade level or in which the directions have not been followed correctly.

Upon achieving a Fail(F) grade (below 50%) the student must meet with the instructor **immediately** to negotiate a revised deadline. The assignment must be redone to passing standard by the new deadline to achieve credit for the assignment.

Maximum grade for a failed assignment is “C” (65%)

If failed assignments are not submitted by the negotiated deadline the late penalty policy will apply.

Resubmission policy

Any assignment completed during this course may be submitted for re-evaluation if the following criteria are met by the student.

- an assignment that was initially submitted past the initial assigned deadline will not be eligible for re-evaluation.
- an assignment that initially achieved a fail grade must be resubmitted to achieve minimum project standards and will receive a maximum C grade as indicated under the section for Lates and Fails in this outline.
- the resubmitted project must be accompanied by the original project and the original evaluation sheets (with written indication of grade breakdown) provided by the professor
- assignments may be resubmitted at any time during the semester. The final date for last resubmissions will be announced by the professor during class and usually are no later than two weeks prior to the end of the semester.
- Resubmitted assignments must identify the project and class, and be clearly marked “RESUBMISSION” when submitted
- it must be understood that resubmitted assignments are usually marked with greater scrutiny than first submissions to take into consideration the learning experiences, practice, and achievement of learning outcomes achieved by the student during later sessions in the semester.
- When comparing the original submission grade and the resubmission grade the student will receive benefit of the higher grade
- Assignments will not be accepted for resubmission to include preliminary studies. Preliminary studies should be completed before the commencement of work on final comprehensives and as such will only be considered for evaluation on or before the original submission. Assignments resubmitted to include preliminaries must be completely re-done and have a new creative direction for evaluation.

Preliminary Studies:

All assignments require preliminary or intermediate steps such as thumbnails, roughs, and preliminary comprehensive layouts.

These intermediate steps are evaluated according to criteria established by the instructor and submitted according to established timelines. The final grade for each assignment will be an average of the grade achieved for all stages of the assignment. This reinforces the importance of the preliminary stages of each project.

Homework:

This is a four credit course delivered in a 3 hour supervised format. It is expected that a minimum of one-hour homework be done each week.

Course Expectations:

Significant learning takes place in the classroom through an interactive learning approach; therefore, students are expected to attend all classes and to inform the instructor of an anticipated absence.

Reclaiming and Retaining Past Assignments

For the development of student portfolios it is important that ALL past assignment work be reclaimed and retained by the student.

It is the students, responsibility to reclaim assignments after they have been assessed. Marked assignments will be returned by faculty during classroom sessions. If a student is absent on the day that work is returned the work will be held by faculty for a minimum of three weeks from the return date after which, due to a shortage of storage space, the work may be discarded

COURSE OUTLINE ADDENDUM:

1. Course Outline Amendments:
The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.
2. Retention of Course Outlines:
It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.
3. Prior Learning Assessment:
Students who wish to apply for advance credit transfer (advanced standing) should obtain an Application for Advance Credit from the program coordinator (or the course coordinator regarding a general education transfer request) or academic assistant. Students will be required to provide an unofficial transcript and course outline related to the course in question. Please refer to the Student Academic Calendar of Events for the deadline date by which application must be made for advance standing.
Credit for prior learning will also be given upon successful completion of a challenge exam or portfolio.
Substitute course information is available in the Registrar's office.

4. Accessibility Services:
If you are a student with a disability (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Accessibility Services office. Visit Room E1101 or call Extension 2703 so that support services can be arranged for you.
5. Communication:
The College considers **Desire2Learn (D2L)** as the primary channel of communication for each course. Regularly checking this software platform is critical as it will keep you directly connected with faculty and current course information. Success in this course may be directly related to your willingness to take advantage of this Learning Management System (LMS) communication tool.
6. Plagiarism:
Students should refer to the definition of “academic dishonesty” in *Student Code of Conduct*. Students who engage in academic dishonesty will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.
7. Tuition Default:
Students who have defaulted on the payment of tuition (tuition has not been paid in full, payments were not deferred or payment plan not honoured) as of the first week of *November*, will be removed from placement and clinical activities due to liability issues. This may result in loss of mandatory hours or incomplete course work. Sault College will not be responsible for incomplete hours or outcomes that are not achieved or any other academic requirement not met as of the result of tuition default. Students are encouraged to communicate with Financial Services with regard to the status of their tuition prior to this deadline to ensure that their financial status does not interfere with academic progress.
8. Student Portal:
The Sault College portal allows you to view all your student information in one place. **mysaultcollege** gives you personalized access to online resources seven days a week from your home or school computer. Single log-in access allows you to see your personal and financial information, timetable, grades, records of achievement, unofficial transcript, and outstanding obligations, in addition to announcements, news, academic calendar of events, class cancellations, your learning management system (LMS), and much more. Go to <https://my.saultcollege.ca>.

9. Electronic Devices in the Classroom:

Students who wish to use electronic devices in the classroom will seek permission of the faculty member before proceeding to record instruction. With the exception of issues related to accommodations of disability, the decision to approve or refuse the request is the responsibility of the faculty member. Recorded classroom instruction will be used only for personal use and will not be used for any other purpose. Recorded classroom instruction will be destroyed at the end of the course. To ensure this, the student is required to return all copies of recorded material to the faculty member by the last day of class in the semester. Where the use of an electronic device has been approved, the student agrees that materials recorded are for his/her use only, are not for distribution, and are the sole property of the College.
