I. COURSE DESCRIPTION:

This course will prepare the learner for entry into the workplace through exploration of leadership, conflict resolution and advocacy. Leadership management roles within health care will be examined. The process of transition from student to nurse will be explored.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. Examine the regulation of nursing practice.

Potential Elements of the Performance:

- Explore the evolution of legislation impacting on nursing.
- Identify the primary sources of law and types of legal actions
- Describe the purpose, essential elements and impact of the Regulated Health Professions Act and the Nurses Act.
- Explore the essential legal aspects of selected nursing practice issues (e.g. malpractice, informed consent, DNR orders, abuse, documentation of care, incident reports)
- Describe the impact of collective bargaining on nursing practice.
- Define and describe the rationales for licensure and registration.
- Describe clients rights
- Describe nurses/caregiver rights
- 2. Examine various leadership and management styles.

Potential Elements of the Performance:

- differentiate between leadership and management
- describe characteristics of a leader
- describe the characteristics of a manager
- list leadership roles/skills, management roles/skills
- demonstrate understanding of leadership and management roles within health care agencies
- discuss the delegation of nursing activities among all health care team members
- 3. Explore opportunities to implement various leadership styles.

Potential Elements of the Performance:

 utilize classroom and clinical activities to discuss appropriate use of leadership styles

- 4. Explore personal values and potential biases. <u>Potential Elements of the Performance</u>:
 - Examine the evolution of professional nursing codes of ethics
 - Participate in values clarification exercises
 - Compare personal values about nursing to accepted nursing codes of ethics (e.g. CNA or ICN).
 - Explore values transmission
 - Explore how nurses can assist clients to clarify their values.
 - Develop skills with reflection/reflective practice as a professional development tool.
- 5. Explore moral and ethical dilemmas from a variety of perspectives. <u>Potential Elements of the Performance</u>:
 - Describe moral development
 - Differentiate between moral and ethical dilemmas
 - Describe essential nursing values and behaviours.
 - Describe methods of processing an ethical dilemma
 - Participate in learning activities to clarify decision-making when confronted with a moral or ethical dilemma related to nursing practice.
- 6. Demonstrate knowledge of conflict resolution Potential Elements of the Performance:

Potential Elements of the Performance:

- Define conflict and conflict resolution
- Identify your personal negotiating style
- Describe effective negotiating skills in resolving conflict
- Explain the use of mediation in resolving conflict
