

COURSE OUTLINE: FIT151 - GROUP FITNESS

Prepared: Lisa Folz

Approved: Bob Chapman, Chair, Health

Course Code: Title	FIT151: GROUP FITNESS
Program Number: Name	3040: FITNESS AND HEALTH
Department:	FITNESS & HEALTH PROMOTION
Semesters/Terms:	20F
Course Description:	In this course the learner will identify, explain and demonstrate the necessary elements of a group exercise class. Students will learn the skills necessary to effectively design and safely implement and lead a group fitness class. Skills will be developed through practice teaching, peer and instructor evaluation, and participating in various community group fitness class settings.
Total Credits:	3
Hours/Week:	3
Total Hours:	45
Prerequisites:	OPA104
Corequisites:	There are no co-requisites for this course.
This course is a pre-requisite for:	FIT208
Vocational Learning Outcomes (VLO's) addressed in this course:	3040 - FITNESS AND HEALTH
Please refer to program web page for a complete listing of program outcomes where applicable.	VLO 1 Conduct assessments of fitness, well-being, and lifestyle for clients and effectively communicate assessment results.
	VLO 2 Prescribe appropriate physical activity, fitness, active living, and lifestyle programs to enhance health, fitness, and well-being of clients.
	VLO 3 Utilize appropriate interviewing and counselling skills to promote or enhance health, fitness, active living, and well-being of clients.
	VLO 4 Collaborate with individuals in the selection and adoption of strategies that will enable them to take control of and improve their health, fitness, and well-being.
	VLO 5 Develop, implement, and evaluate activities, programs, and events which respond to identified needs and interests of clients and maximize the benefits of health, fitness, and well-being.
	VLO 6 Train individuals and instruct groups in exercise and physical activities.
	VLO 7 Contribute to community health promotion strategies.
	VLO 9 Implement strategies and plans for ongoing personal and professional growth and development.
	VLO 10 Develop and implement risk management strategies for health and fitness programs, activities and facilities.
	VLO 11 Interact effectively with clients, staff, and volunteers in health and fitness programs,

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

activities and facilities.

Essential Employability Skills (EES) addressed in this course:

- EES 1 Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.
- EES 2 Respond to written, spoken, or visual messages in a manner that ensures effective communication.
- EES 4 Apply a systematic approach to solve problems.
- EES 5 Use a variety of thinking skills to anticipate and solve problems.
- EES 6 Locate, select, organize, and document information using appropriate technology and information systems.
- EES 7 Analyze, evaluate, and apply relevant information from a variety of sources.
- EES 8 Show respect for the diverse opinions, values, belief systems, and contributions of others.
- EES 9 Interact with others in groups or teams that contribute to effective working relationships and the achievement of goals.
- EES 10 Manage the use of time and other resources to complete projects.
- EES 11 Take responsibility for ones own actions, decisions, and consequences.

Course Evaluation:

Passing Grade: 50%,

A minimum program GPA of 2.0 or higher where program specific standards exist is required for graduation.

Books and Required Resources:

Methods of Group Exercise Instruction by Yoke
Publisher: Human Kinetics Publishers Edition: 4th
ISBN: 9781492571766

Course Outcomes and Learning Objectives:

Course Outcome 1	Learning Objectives for Course Outcome 1
1. Define, explain and demonstrate the essential components of a group exercise class.	1.1 Define and describe essential components of an effective warm up and cool down 1.2 Define and describe essential components of cardio-respiratory training 1.3 Define and describe essential components of muscular conditioning 1.4 Define and describe essential components of flexibility training 1.5 Demonstrate ability to apply components to program and exercise design
Course Outcome 2	Learning Objectives for Course Outcome 2
3. Understand how the body systems contribute to exercise design	3.1 Discuss the mechanics of the cardiovascular system and muscular system, including its response to exercise and recovery 3.2 Explain and implement basic guidelines for developing a cardiovascular endurance, muscular endurance, and flexibility program 3.3 Determine appropriate exercises for cardiovascular and muscular development and recovery

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

SAULT COLLEGE | 443 NORTHERN AVENUE | SAULT STE. MARIE, ON P6B 4J3, CANADA | 705-759-2554

Course Outcome 3	Learning Objectives for Course Outcome 3
4. Identify and compare various types/forms/styles of group exercise classes.	4.1 Participate in a variety of fitness style classes 4.2 Identify and explain advantages and disadvantages of various group classes
Course Outcome 4	Learning Objectives for Course Outcome 4
5. Identify and compare various types of group training equipment.	5.1 Explain advantages and disadvantages of equipment used in group aerobic, strength, and flexibility classes 5.2 Distinguish between effective and ineffective group training equipment and identify the appropriate use of the equipment
Course Outcome 5	Learning Objectives for Course Outcome 5
6. Explain and demonstrate appropriate group exercise communication and leadership styles.	6.1 Identify and explain various motivation, feedback and cueing techniques 6.2 Present as a knowledgeable fitness professional 6.3 Interpret verbal and non-verbal communication and behavior correctly 6.4 Demonstrate a variety of leadership styles to meet the needs of the clients 6.5 Understand group cohesion research as it applies to group exercise 6.6 Understand and apply the importance of role modeling for group exercise instructors 6.7 Understand and apply healthy environment principles in group exercise
Course Outcome 6	Learning Objectives for Course Outcome 6
7. Identify the importance of appropriate music for group exercise classes.	7.1 Explain the advantages and disadvantages of the use of music in group exercise 7.2 Define and explain the fundamentals of music in group exercise including rhythm, beat, tempo, and phrasing 7.3 Identify various music styles and apply to appropriate classes 7.4 List recommendations for music volume in group exercise classes
Course Outcome 7	Learning Objectives for Course Outcome 7
8. Identify and interpret elements necessary to ensure safety of group fitness class participants.	8.1 Determine client readiness for physical activity and identify clients who should seek medical clearance prior to becoming physically active 8.2 Protect the confidentiality of all client records and information 8.3 Assess heart rate before, during, and after training 8.4 Recognize and describe appropriate methods of monitoring exercise intensity 8.5 List necessary elements of fitness facility and equipment safety and design strategies to manage risk 8.6 Recognize contraindicated movements and identify appropriate modifications 8.7 identify minimum qualifications to ensure safe operation of programs and activities 8.8 apply knowledge of first aid and CPR as necessary

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

		8.9 Identify communicable diseases and their transmission
	Course Outcome 8	Learning Objectives for Course Outcome 8
	9. Recognize, interpret and apply necessary changes to meet the developmental needs of a variety of groups.	9.1 Explain instructional modifications necessary to train diverse abilities and ages 9.2 Utilize strategies which support the inclusion of diverse populations and individuals with special needs 9.3 Apply AODA guidelines into program planning and implementation
	Course Outcome 9	Learning Objectives for Course Outcome 9
	10. Explore elements of motivation and adherence as they apply to the group fitness participant.	10.1 Define the terms and examine research on motivation and adherence 10.2 Explain recent trends in group fitness 10.3 Explain techniques to incorporate health education and health promotion into group classes
	Course Outcome 10	Learning Objectives for Course Outcome 10
	11. Plan and demonstrate ability to conduct a group fitness class	11.1 Apply and demonstrate elements of communication, leadership, risk management, program and exercise design, motivation, and instructional modifications to the planning and implementation of a group exercise class. 11.2 Conduct peer evaluated components of group fitness classes

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Assignments	60%
Practical Exam	40%

Date:

September 2, 2020

Addendum:

Please refer to the course outline addendum on the Learning Management System for further information.

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.
