

COURSE OUTLINE: OPA204 - OT CLINICAL SKILLS 2

Prepared: Andrea Sicoli

Approved: Bob Chapman, Chair, Health

Course Code: Title	OPA204: OCCUPATIONAL THERAPY CLINICAL SKILLS II
Program Number: Name	3022: OCCUP/PHYSIO/ASSIST
Department:	OTA/PTA ASSISTANT
Semesters/Terms:	20F
Course Description:	The purpose of this course is to provide the student with knowledge and skills required by an OTA. The emphasis will be on rehabilitation of musculoskeletal conditions. The student will demonstrate safe handling, positioning and transfer techniques. The use of assistive devices, splints and technology used to maximize independent function will be explored. In addition to joint range of motion and muscle strengthening, joint protection and work simplification will be covered. The student will become familiar with ADL/IADL training, accessibility issues and vocational rehabilitation.
Total Credits:	3
Hours/Week:	3
Total Hours:	45
Prerequisites:	OPA107, OPA115, OPA130, OPA131
Corequisites:	There are no co-requisites for this course.
This course is a pre-requisite for:	OPA208, OPA211, OPA226, OPA227
Vocational Learning Outcomes (VLO's) addressed in this course:	3022 - OCCUP/PHYSIO/ASSIST
Please refer to program web page for a complete listing of program outcomes where applicable.	VLO 1 Communicate appropriately and effectively, through verbal, nonverbal, written and electronic means, with clients, their families, and significant others, occupational therapists, physiotherapists, other health care providers, and others within the role of the therapist assistant.
	VLO 2 Participate in the effective functioning of interprofessional health care teams within the role of the therapist assistant.
	VLO 3 Establish, develop, maintain, and bring closure to client-centred, therapeutic relationships within the role of the therapist assistant.
	VLO 4 Ensure personal safety and contribute to the safety of others within the role of the therapist assistant.
	VLO 5 Practice competently in a legal, ethical, and professional manner within the role of the therapist assistant.
	VLO 6 Document and complete client records in a thorough, objective, accurate, and nonjudgmental manner within the role of the therapist assistant.
	VLO 7 Develop and implement strategies to maintain, improve, and promote professional competence within the role of the therapist assistant.
	VLO 8 Perform effectively within the roles and responsibilities of the therapist assistant

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

SAULT COLLEGE | 443 NORTHERN AVENUE | SAULT STE. MARIE, ON P6B 4J3, CANADA | 705-759-2554

	<p>through the application of relevant knowledge of health sciences, psychosociological sciences, and health conditions.</p> <p>VLO 9 Perform functions common to both physiotherapy and occupational therapy practices that contribute to the development, implementation and modification of intervention/treatment plans, under the supervision of and in collaboration with the occupational therapist and/or physiotherapist.</p> <p>VLO 10 Enable the client's occupational performance by contributing to the development, implementation, and modification of intervention/treatment plans, under the supervision of and in collaboration with the occupational therapist.</p>
Essential Employability Skills (EES) addressed in this course:	<p>EES 1 Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.</p> <p>EES 2 Respond to written, spoken, or visual messages in a manner that ensures effective communication.</p> <p>EES 5 Use a variety of thinking skills to anticipate and solve problems.</p> <p>EES 6 Locate, select, organize, and document information using appropriate technology and information systems.</p> <p>EES 7 Analyze, evaluate, and apply relevant information from a variety of sources.</p> <p>EES 8 Show respect for the diverse opinions, values, belief systems, and contributions of others.</p> <p>EES 9 Interact with others in groups or teams that contribute to effective working relationships and the achievement of goals.</p> <p>EES 10 Manage the use of time and other resources to complete projects.</p> <p>EES 11 Take responsibility for ones own actions, decisions, and consequences.</p>
Course Evaluation:	<p>Passing Grade: 60%, C</p> <p>A minimum program GPA of 2.0 or higher where program specific standards exist is required for graduation.</p>
Other Course Evaluation & Assessment Requirements:	<p>The overall passing grade(C or 60%) is required for subsequent courses for which this is a prerequisite. In addition, a minimum of 60% is required for each category of performance in Performance Based Evaluations. (refer to the OTA/PTA Student Success Guide for further clarification)</p>
Books and Required Resources:	<p>Physical Dysfunction Practice Skills for the Occupational Therapy Assistant (2013) by Early, M.B. Publisher: Mosby Edition: 3rd (from previous semester)</p> <p>Therapeutic Exercise. Foundations and Techniques by Kisner and Colby Publisher: F.A. Davis Company Edition: 7th (from previous semester)</p> <p>Mobility in Context: Principles of Patient Care Skills by Johansson, C and Chinworth, S. Publisher: FA. Davis Company (from previous semester)</p> <p>Supplies Student pack splinting material to be purchased from college bookstore</p>

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

Course Outcomes and Learning Objectives:

Course Outcome 1	Learning Objectives for Course Outcome 1
1. Demonstrate an understanding of the clinical presentation of common musculoskeletal conditions managed in Occupational Therapy.	1.1 Apply the International Classification of Functioning, Disability and Health (ICF) model to clinical practice. 1.2 Recognize the psychosocial aspect of physical dysfunction, including signs of physical or emotional stress in clients, self and others and modify the contributing factors as appropriate. 1.3 Describe the causes, types and clinical presentation of common arthritic diseases. 1.4 Describe the causes, types and clinical presentation of common acute hand injuries. 1.5 Describe the causes, severity and clinical presentation of burn injuries and issues related to scar management. 1.6 Describe the different causes, types and clinical presentation of amputations. 1.7 Describe common causes, types and clinical presentation of common joint arthroplasty. 1.8 Describe causes, types and clinical presentation of different back and neck injuries.
Course Outcome 2	Learning Objectives for Course Outcome 2
2. Demonstrate an understanding of the role of the OT and the OTA in the therapeutic management and intervention of common musculoskeletal conditions.	2.1 Apply principles of normal and abnormal movement to functional activities such as self-care, posture, seating and mobility. 2.2 Recall appropriate assessments completed by the OT and describe appropriate therapeutic interventions provided by the OT and the OTA for the following musculoskeletal conditions: -Arthritic Disease-joint protection techniques, splinting, modalities, exercises -Acute Hand Injury-splinting following surgical intervention or acute injury , the use of modalities, evaluation of function, exercises and ADL/IADL training -Burns-wound management, prevention of deformities, maintenance of ROM and ADL/ADL training -Amputation-education regarding phantom pain, training in the use of prosthetics, ADL/IADL training -Joint Arthroplasty-contraindications and precautions. ADL/ADL training, training in the use of assistive devices -Back and Neck Injury-pain management, training in the use of assistive devices 2.3 Establish, develop, maintain and bring closure to a client centered therapeutic relationship within the role of an OTA by the recognizing the uniqueness of the individual. 2.4 Demonstrate the ability to observe, monitor and report the clients performance and status during intervention activities.
Course Outcome 3	Learning Objectives for Course Outcome 3
3. Demonstrate skill in the education and training of ADL/IADL with clients.	3.1 Demonstrate the ability to provide training in the areas of ADL/IADL to ensure maximum functioning. 3.2 Demonstrate confidence, safety and skill in the training in the use of assistive devices.

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

	3.3 Demonstrate the ability to teach clients new methods for performing ADL/IADL tasks with the use of prosthetics. 3.4 Demonstrate the ability to teach a client how to mobilize using a wheelchair.
Course Outcome 4	Learning Objectives for Course Outcome 4
4. Demonstrate personal safety and contribute to the safety of others during handling skills and transfers with clients.	4.1 Demonstrate safe and effective handling, positioning and transferring techniques related to different musculoskeletal conditions. 4.2 Employ effective teaching strategies for transfers and handling skills. 4.3 Describe the precautions and limitations associated with handling, positioning and transferring techniques for different musculoskeletal conditions.
Course Outcome 5	Learning Objectives for Course Outcome 5
5. Demonstrate and apply principles of energy conservation and joint protection techniques during ADL/IADL.	5.1 Apply knowledge of ergonomics, energy conservation and work simplification to promote independent functioning. 5.2 Describe principles of joint protection and explain the benefits for conditions such as arthritis, back injury, amputation and joint arthroplasty. 5.3 Explore the use of assistive devices/adaptive equipment to conserve energy during ADL/IADL.
Course Outcome 6	Learning Objectives for Course Outcome 6
6. Demonstrate knowledge and skill in the selection and implementation of therapeutic activities for individual clients and groups of clients with musculoskeletal conditions under the supervision of an Occupational Therapist.	6.1 Demonstrate knowledge and skill related to the assessment and intervention of joint range of motion and muscle strength. 6.2 Demonstrate the ability to select tasks that are appropriate to the clients condition and goals and carry out treatment techniques in a safely and effectively. 6.3 Demonstrate effective critical thinking, problem solving and judgment during delivery of treatment interventions to ensure client safety and success. 6.4 Demonstrate the ability to adapt treatment interventions to meet the needs of the client. 6.5 Demonstrate the ability to effectively grade activities to meet the clients abilities and enhance continued progression. 6.6 Discuss remedial vs. compensatory training for individuals with musculoskeletal disorders. 6.7 Define and discuss Vocational Rehabilitation.
Course Outcome 7	Learning Objectives for Course Outcome 7
7. Demonstrate skill in observing and reporting any changes in clients progress to the Occupational Therapist.	7.1 Review the use of checklists and charting systems used to monitor progress with musculoskeletal conditions. 7.2 Demonstrate accurate verbal reporting and documentation of clinical observations of the clients performance and status.
Course Outcome 8	Learning Objectives for Course Outcome 8
8. Demonstrate an understanding of the application of a range of assistive devices, the safe	8.1 Employ effective teaching strategies to ensure client safety when handling, positioning, seating, ambulating and transferring. 8.2 List and discuss commonly used assistive devices to

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

	use of, and maintenance of assistive devices used to maximize function in Occupational Therapy clients with musculoskeletal conditions.	maximize occupational performance during ADL/IADL for the following musculoskeletal conditions: -arthritis diseases -acute hand injuries -burns -amputations -joint arthroplasty -back and neck injuries
	Course Outcome 9	Learning Objectives for Course Outcome 9
	9. Demonstrate an understanding of the use of splints in the Occupational Therapy management of musculoskeletal conditions.	9.1 Recognize the role of the Registered OT and the role of the OTA during splinting. 9.2 Discuss indications for the fabrication of splints. 9.3 Demonstrate the ability to assist in the fabrication and adjustment of a splint.
	Course Outcome 10	Learning Objectives for Course Outcome 10
	10. Demonstrate an increased awareness of accessibility issues for clients with musculoskeletal conditions.	10.1 Describe the various barriers and challenges regarding accessibility in the home environment and in the community. 10.2 Demonstrate knowledge regarding services provided by the City of Ste. Marie Accessibility Office and assist in completing a Barrier Identification Checklist.
	Course Outcome 11	Learning Objectives for Course Outcome 11
	11. Demonstrate an understanding the different areas of Vocational Rehabilitation.	11.1 Describe the benefits of various work related evaluations such as the Job Demands Analysis, Pre-Employment Screening, the FAE/FCE, and Work Hardening Programs. 11.2 Explore the role of the OTA/PTA in Vocational Rehab. 11.3 Demonstrate observational skills and reporting skills as required to evaluate various work settings and job related activities.
	Course Outcome 12	Learning Objectives for Course Outcome 12
	12. Demonstrate knowledge regarding the use of assistive technology (computers, ECUs, electric wheelchairs) to maximize function in clients with musculoskeletal conditions.	12.1 Explore the role of computers technology in the treatment of musculoskeletal disorders. 12.2 Demonstrate general knowledge regarding the selection and use of electric wheelchairs with clients with musculoskeletal conditions. 12.3 Discuss the use of assistive technology devices such as environmental control units.

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
1. Required Readings	5%
2. Labs Participation/Learning Activities	20%
3. Assignment	20%
Exams/Evaluations	55%

Date: August 13, 2020

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2020-2021 academic year.

Addendum:

Please refer to the course outline addendum on the Learning Management System for further information.
