

SAULT COLLEGE OF APPLIED ARTS AND TECHNOLOGY

SAULT STE. MARIE, ONTARIO

Sault College

COURSE OUTLINE

COURSE TITLE: Fitness and Life Style Management I

CODE NO. : PFP108 **SEMESTER:** 1

PROGRAM: Police Foundations, Law and Security

AUTHOR: Anna Morrison

DATE: Sept/2006 **PREVIOUS OUTLINE DATED:** Sept/2005

APPROVED:

Dean

Date

TOTAL CREDITS: 3

PREREQUISITE(S): None

LENGTH OF COURSE: 2 hours/week

I. COURSE DESCRIPTION:

This course introduces the student to the concept of wellness and provides practical strategies for developing a healthy lifestyle. Topics include: positive lifestyle choices, self-management and behaviour change techniques, exercise prescription and fitness training methods. Through participation in hands-on learning experiences, students gain the knowledge and skills necessary to make positive lifestyle changes. If students choose to incorporate their knowledge and skills into daily living, they will see an overall increase in personal wellness and fitness, as well as improved performance on law enforcement specific physical performance tests.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

This course addresses generic outcomes in: communication (1), interpersonal skills (5), analysis(12), and accountability (10,11).

This course addresses the following Police Foundations Vocational Outcomes:

- 1) Act in a manner consistent with all relevant law and legislation, and professional, organizational and ethical standards; 8) Make sound decisions based on an evaluation of situations; 9) Cope with stress and optimize fitness and wellness

A. LEARNING OUTCOMES:

- 1) Demonstrate an understanding of the concepts of wellness and self-responsibility
- 2) Apply behaviour management strategies to enhance personal wellness, improve job performance, and ultimately increase career opportunities
- 3) Demonstrate knowledge related to the development of physical fitness
- 4) Demonstrate knowledge and skills related to cardiovascular endurance
- 5) Demonstrate knowledge and skills related to weight training
- 6) Demonstrate knowledge and skills related to the development of flexibility
- 7) Demonstrate knowledge of physical requirements in law enforcement
- 8) Design, monitor, and adapt a weight training program for a beginner
- 9) Demonstrate understanding of an appropriate fitness level in accordance with Ontario Police Standards

B. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

- 1) Understand concepts of wellness and self-responsibility.**

Potential Elements of the Performance:

- contrast the past definition of health with the contemporary concept of wellness
- explore the validity of the Statement "Health is a matter of choice"
- identify seven dimensions of wellness and behaviours which enhance each of them
- complete lifestyle inventories and self-examination exercises to gain information on one's level of wellness
- identify societal norms which promote unwellness

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

2) Apply behaviour management strategies to enhance personal wellness, improve job performance and ultimately increase career opportunities.

Potential Elements of the Performance:

- identify five stages of change that occur in the process of permanently changing a behaviour
- demonstrate skills in developing appropriate short and long term goals
- identify methods of dealing with obstacles and resistance that interfere with obtaining goals
- identify time management techniques which aid in the achievement of goals

3) Demonstrate knowledge and skills related to the development of physical fitness.

Potential Elements of the Performance:

- differentiate between health-related and performance—related fitness
- define each of the five components of health-related fitness
- outline the minimum exercise requirements necessary to improve each component of fitness applying the “FITT Formula”. of exercise prescription
- explain the importance of a warm-up and cool down and describe the critical elements of both
- lead a group warm-up, cool-down or flexibility portion of class

4) Demonstrate knowledge and skills related to cardiovascular endurance

Potential Elements of the Performance:

- identify examples of aerobic activities which have the potential to increase cardio respiratory endurance
- explain the following principles of training: progressive overload, rest, maintenance and specificity
- identify the benefits of cardiovascular activity
- demonstrate the ability to program and use several different pieces of cardio equipment
- list advantages and disadvantages of various programs
- demonstrate knowledge of predicted maximum heart rate and training zone based on age and knowledge of fitness level
- utilize personal information in planning a specific program to meet police entrance standards
- identify advantages of cross training

5) Knowledge and skills related to weight training

Potential Elements of the Performance:

- describe the many ways that muscular strength and muscular endurance training enhance wellness
- identify and apply several important safe exercise practices when weight training
- describe how to establish an ideal strength training weight for a beginner and for an experienced weight trainer

- identify major muscle groups
- identify weight training exercises for the major muscle groups
- describe and demonstrate the concentric and eccentric phases of dynamic muscular contraction.
- identify common fallacies related to weight training
- demonstrate beginner level skills at finding a strength training weight
- demonstrate the ability to safely perform weight training exercises for all major body parts
- demonstrate knowledge and safe use of fitness equipment
- design a weight training program specific to passing police employ standards
- demonstrate specific core strength, grip strength and upper body exercises that enhance police testing success

6) Demonstrate knowledge and skills related to the development of flexibility

Potential Elements of the Performance:

- describe how flexibility training enhances wellness
- describe the factors which limit flexibility
- compare the effects of static (passive) and dynamic (ballistic) stretching technique
- demonstrate safe and effective exercises which enhance flexibility for major muscle groups
- identify some common unsafe exercises and their safer alternatives

7) Demonstrate knowledge of physical requirements in law enforcement

Potential Elements of the Performance:

- identify general features of PREP, PARE, COPAT, POPAT, OPC or other BFOR tests
- identify other physical requirements of policing related to sight hearing and health

8) Design a personal fitness personal fitness program that addresses the achievement of employment standards and lifetime maintenance of fitness

Potential Elements of the Performance

- apply the above knowledge and skills related to the development of physical fitness and design an effective personal fitness program for a beginner which includes:
 - appropriate warm-up and cool-down activities
 - application of the F.I.T.T. formula of exercise prescription for each component of fitness (i.e. frequency, intensity, time and type)
 - training for cardio respiratory endurance, muscular strength, muscular endurance, flexibility, and body composition improvement
- apply the principle of progressive overload, specificity and rest to ensure that one's fitness program enables them to achieve the identified employment standards
- complete several fitness tests and use the information to plan the fitness program incorporate personal fitness information obtained on fitness tests to design a fitness program to meet employment standards in the field of criminal justice.

9) Demonstrate understanding of an appropriate fitness level in accordance with Ontario Police Standards

Potential Elements of the Performance:

- attempt several cardiovascular tests such as the Shuttle Run, 1.5 mile run, 12 minute walk test or the bike ergometer test and evaluate fitness
- attempt the OPC component tests (push-ups, curl-ups, sit and reach, 1.5 mile run) and evaluate fitness
- demonstrate knowledge of common police tests and the most commonly failed components

NOTE: Although the PREP test is not attempted by students this term, it is important that students know that they must achieve a 6.5 on the shuttle portion and 162 seconds on the obstacle component of the PREP test in order to graduate with a Police Foundation Diploma. Police testing is introduced in the second term. LASA students may choose other fitness tests in second term.

III. TOPICS:

- 1) A Wellness Way of Life
- 2) Behaviour Management
- 3) Introduction to Fitness
- 3) Exercise Prescription and Program Design
- 4) Cardiovascular fitness training
- 5) Weight Training
- 6) Fitness Assessment

IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

"Fitness and Lifestyle Management for Law Enforcement", by N. Wagner Wisotski

V. EVALUATION PROCESS/GRADING SYSTEM:

Lecture Material Written Test

Written Tests

Gym Practicum

Fitness Principles Assignment
Fitness Testing Reflection Assignment
Finding a Training Weight Assignment
Max Lift Assignment
Weight Training Program Design and Delivery
Leadership/Demonstration Activity
Weight Training Technique Demonstrations
Goal Setting and Time Management Assignment

Students must achieve a passing grade in Written Tests and in Gym Practicum Assignments. Failing either section will result in a failing grade for the course.

Supplemental Examinations

Supplemental examinations will be permitted for students who meet the following minimum requirements and have completed all gym practicum assignments. The student must attend at least 80% of their classes. All students who miss a test will receive a zero for the test. Only medical emergencies and extreme circumstances will warrant the opportunity to write the supplemental exam when the final exam is missed. Official supporting documentation, such as a physician's certificate, may be required as confirmation of illness.

Late Assignments and In class assignments

Students must achieve a passing grade in both part 1 and part 2 of the evaluation. Students are expected to participate in all inclass activities, however, activities can be modified to suite the special needs of the student.

For each day that an assignment is late, 10% of the total grade will be deducted. Assignments will not be accepted after 4 class days beyond the due date. Late assignments should be presented to your instructor in class.

Instructor's Phone #: 759-2554 Ext 2547
Instructor's Office #: E3215

The following semester grades will be assigned to students in post-secondary courses:

<u>Grade</u>	<u>Definition</u>	<u>Grade Point Equivalent</u>
A+	90 – 100%	4.00
A	80 – 89%	
B	70 - 79%	3.00
C	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical placement or non-graded subject area.	
U	Unsatisfactory achievement in field/clinical placement or non-graded subject area.	
X	A temporary grade limited to situations with extenuating circumstances giving a student additional time to complete the requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course without academic penalty.	

Note: For such reasons as program certification or program articulation, certain courses require minimums of greater than 50% and/or have mandatory components to achieve a passing grade.

Students enrolled in Police Foundations or Law and Security Administration will require a minimum of 60% (C) as a passing grade in each course.

It is also important to note, that the minimum overall GPA required in order to graduate from a Sault College program remains 2.0.

VI. SPECIAL NOTES:

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with the instructor and/or the Special Needs office. Visit Room E1101, Extension 2703 so that support services can be arranged for you.

Retention of course outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of “academic dishonesty” in the *Student Code of Conduct*. Students who engage in “academic dishonesty” will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course outline amendments:

The Professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.
