Course Outcomes and Learning Objectives:

Course Outcome 1	Learning Objectives for Course Outcome 1
1. Categorize and differentiate between the effects of various drugs.	1.1 Differentiate between the major drug classifications. 1.2 Explain the effects, tolerance, overdose and withdrawal experienced under each drug classification. 1.3 Identify specific drugs under each classification.
Course Outcome 2	Learning Objectives for Course Outcome 2
2. Elaborate upon the relationship between the development of dependencies and the impact of addictions on an individual.	2.1 Describe DSM V substance use disorder criteria. 2.2 Apply proper terminology in the chemical dependencies field. 2.3 Identify routes of administration, paraphernalia and environmental/situational factors for their role in substance use disorders. 2.4 Demonstrate knowledge of a variety of factors impacting and impacted by substance use disorders (i.e.: concurrent disorders, opioid crisis, trauma, diversity issues, age and gender issues).
Course Outcome 3	Learning Objectives for Course Outcome 3
3. Compare and contrast various theories of addictions currently accepted in the field.	3.1 Identify strengths and weaknesses of accepted Theories of Addiction. 3.2 Develop an understanding of the evolution of the field of addictions through the chronological development of theories in the field. 3.3 Apply theories of addiction to individual, family and community circumstances and concerns.
Course Outcome 4	Learning Objectives for Course Outcome 4
4. Identify the impact of substance use disorders on the chemically dependent person's lifestyle, on the family dynamics and on community life.	4.1 Apply aspects of family adaptation to chemical dependency, family resiliency in relation to chemical dependency and other issues related to family assessment. 4.2 Identify the dynamics and roles assumed by family members. 4.3 Relate the connection of Substance Use Disorders to community characteristics and resources, systems of oppression, laws, policy and other macro influences. 4.4 Connect the multi-generational effects of Residential Schools to the increased vulnerability to substance use disorders and addictive behaviours.
Course Outcome 5	Learning Objectives for Course Outcome 5
5. Adopt a stage-oriented perspective using a trans-theoretical model to facilitate a client-centered approach.	5.1 Demonstrate self-awareness and knowledge base in terms of client engagement and effectiveness as a helper for issues of chemical dependency. 5.2 Identify an individual's presenting situation within a stage-oriented model (i.e. Stages of Change model). 5.3 Distinguish the worker's role in each stage that individuals may present in.

		5.4 Refer individuals to appropriate services that match their identified stage. 5.5 Apply principles and methods of harm reduction where indicated as preference by an individual.
	Course Outcome 6	Learning Objectives for Course Outcome 6
	6. Utilize a comprehensive, holistic approach to assessment that serves as a dynamic foundation for a professional helping relationship.	6.1 Identify crucial elements of client information (environmental factors, life history, strengths, motivation for change, assessment of immediate danger). 6.2 Define a holistic assessment as a foundation for social service practice in this area. 6.3 Differentiate between screening, diagnosis and treatment. 6.4 Characterize principles and dimensions of a substance use assessment. 6.5 Investigate the use of culturally competent tools for assessment and treatment within Indigenous communities.
	Course Outcome 7	Learning Objectives for Course Outcome 7
	7. Research, access, refer to and understand the need for collaboration with multiple community resources in the substance abuse treatment services continuum.	7.1 Identify the levels on the substance abuse treatment services continuum. 7.2 Independently research community resources and locate their placement on the service continuum. 7.3 Explain need for Trauma Informed Practice in the field of addictions. 7.4 Effective participation in teaching circles and peer learning.

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Applications Book Report	20%
Readings on Addictions	25%
Resources on Service Continuum	5%
Tests	50%

Date: July 1, 2019

Addendum: Please refer to the course outline addendum on the Learning Management System for further information.
