

I. COURSE DESCRIPTION:

Personal responsibility, effective time management and personal planning are key components to maintaining effectiveness within the social services field. Students must have an awareness of the College and placement expectations of placement. This course will guide the student to an informed placement experience.

Fieldwork Seminar provides the students with an opportunity to meet as a group to share their fieldwork experience. This course is designed to integrate student's increased awareness and understanding of professional self, workplace, and ultimately, the community. In addition, each seminar group will become adept at processing experiences in a concise and effective manner. This is accomplished under the guidance of the primary instructor.

VI. SPECIAL NOTES:

Submission of Assignments

Assignments are discussed when distributed. It is the responsibility of the student to seek clarification from the professor if absent when an assignment was distributed or if further clarification is requested related to the instructions or concepts.

Students must contact the professor **prior to the due date** to request consideration for an extension of an individual assignment. Valid and justifiable circumstances will be considered if granting an extension. Students will complete an Assignment Extension Request form and attach the completed form to the assignment.

Assignments are to be submitted electronically to the professor. The electronic copy provides verification of the date and time of submission. In addition a hardcopy of each assignment is to be submitted to the professor on the due date. The hardcopy will be marked by the professor. Assignments not submitted by hardcopy will not be graded until a hardcopy is provided to the professor.

Late assignments will be penalized 2% per day late and will be accepted for grading up to one week after the due date. Assignments submitted beyond one week past the due date will not be accepted.

Classroom Courtesy

To provide a respectful learning environment the use of cell phones, MP3 players and the like are not permitted in the classroom. Cell phones may be set on vibrate if expecting an urgent message. Students will be asked to leave the classroom when the uses of these devices in classroom are utilized.

The use of computers may assist some students to take notes during class; however, the use of social network sites, such as Facebook or surfing the internet with non class related sites is distracting. Students using computers in this way will be asked to turn their computers off.

Students are expected to be prepared for each class by being on time, having read the assigned course material. Students are advised to review each class course outline and assignments and discuss questions and concerns with the faculty.

Late Arrivals: If late arrivals become a pattern, once the classroom door has been closed, the learning process has begun. Late arrivers may not be granted admission to the room until the break.

Chatting and whispering amongst students during lectures or presentations distracts the professor and fellow students. Students are expected to consider how their behaviour impacts other students' learning and the professor's presentation.

Attendance

Sault College is committed to student success. There is a direct correlation between academic performance and class attendance; therefore, for the benefit of all its constituents, all students are encouraged to attend all of their scheduled learning and evaluation sessions. This implies arriving on time and remaining for the duration of the scheduled session.

Significant learning takes place in the classroom through an interactive learning approach; therefore, it is an expectation that students attend classes regularly to contribute to the academic performance and development of professional skills.

By midterm the professor will calculate the attendance and a letter will be distributed to the students who require a plan to address the attendance concern. Students who have missed more than 40% of scheduled classes will meet with the professor to discuss the program and course expectations and create a plan which addresses attendance concerns.

A pattern of absences or lateness may result in academic consequences which may include failure in course, ineligibility for fieldwork component of the program, implementation of a learning/success contract, suspension or withdrawal from fieldwork.

Students are encouraged to communicate with the professor when absences are anticipated and immediately returning from an absence. It is the student's responsibility to catch up on any notes and material missed when absent.

VII. COURSE OUTLINE ADDENDUM:

The provisions contained in the addendum located on the portal form part of this course outline.
