COURSE NAME

FOR 313-3
COURSE NUMBER

PHILOSOPHY/GOALS:

Students will have the opportunity to attend lectures presented by speakers from within the college and from local research and management institutions. Emphasis will be on presentation of new and controversial knowledge in the resource management field. The students will also present a seminar and participate in a debate on an approved topic.

METHOD OF ASSESSMENT (GRADING METHOD):

Presentation of a seminar and participation in one debate	- 40%
Attendance, interaction with speakers, and positive contribution to class	- 15%
Evaluation of other students (on standardized form)	- 10%
Content test based on key points of other seminars, guest speakers and debates	- 35%
	<u>100%</u>

GRADES:

A = 80%+
B = 70-79%
C = 60-69%
I = 60%
