SAULT COLLEGE OF APPLIED ARTS AND TECHNOLOGY

SAULT STE. MARIE, ONTARIO

COURSE OUTLINE

COURSE TITLE: Forest Pathology

CODE NO.: NRT 206 SEMESTER: IV

PROGRAM: Forestry Technician

AUTHOR: Bob Currell

DATE: Jan. 2008 PREVIOUS OUTLINE DATED: Jan.

2007

APPROVED:

Chair

DATE

TOTAL CREDITS: 2

PREREQUISITE(S): None

HOURS/WEEK: 2 hr/week x 16 weeks

Forest Pathology NRT206

I. COURSE DESCRIPTION:

This course provides the student with an understanding of disorders of forest trees. In the course, the types of stresses, both biotic and abiotic, which can cause forests and trees to become unhealthy will be introduced, their life cycles described and control measures suggested. Emphasis will be placed on identifying and describing the most commonly occurring Ontario infectious forest pathogens. The ecological and economic impacts of introduced exotic tree diseases will be introduced.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. Describe the scope and importance of forest pathology

Potential Elements of the Performance:

- define forest pathology and describe why it is important to study
- list the types of pathological stresses trees may experience
- describe the ecological and economic impact of pathological damage

This Learning outcome will constitute 10% of the course's mark.

2. List and describe abiotic stress factors affecting forests

Potential Elements of the Performance:

- list abiotic factors which affect forests
- describe the damage and impacts of abiotic stresses on forests
- suggest management techniques to minimize abiotic stress impacts

This learning outcome will constitute 10% of the course's mark

Forest Pathology NRT206

3. <u>Identify important tree diseases</u>

Potential Elements of the Performance:

- identify tree pathogens from pictures
- identify tree diseases from field or lab specimens

This learning outcome will constitute 10% of the course's mark

4. Describe important forest tree diseases

Potential Elements of the Performance

- list the causal agents of tree diseases
- describe 6 categories or groups of tree diseases
- describe the life cycle, damage caused, and significance of important Ontario tree diseases
- suggest management to minimize disease impacts
- prepare drawings of the reproductive structures of fungi

This learning outcome will constitute 40% of the course's mark

5. Present technical information describing a specific tree disease, using current technology

Potential Elements of the Performance:

- prepare group presentations describing a tree disease
- deliver ten to fifteen minute oral presentations supported by audio visual resources

This learning outcome will constitute 20% of the course's mark

6. Discuss current issues in the field of forest pathology

Potential Elements of the Performance:

- explain the particular stresses and pathogens impacting urban trees
- describe several types of exotic tree diseases which are affecting Ontario's forests

This learning outcome will constitute 10% of the course's mark

Forest Pathology NRT206

III. TOPICS:

- 1. An introduction to Ontario forest pathology
- 2. Abiotic forest stresses
- 3. Symptomology and an introduction to fungal pylogeny
- 4. Classes of tree diseases
 - Diseases of needles and leaves
 - Stem decay of conifers
 - Stem decay of hardwoods
 - Wilts
 - Root and butt rot
 - Rusts
- 5. Urban pathology
- 6. Exotic forest pathogens

IV. REQUIRED RESOURCES/TEXTS/MATERIALS:

Field Guide to Tree Diseases of Ontario; Davis and Meyer

Note: This publication is available on-line:

http://www.glfc.cfs.nrcan.gc.ca/treedisease/index_e.html

Other internet resources will be provided during the course.

A hand lens would be useful in some labs.

V. EVALUATION PROCESS/GRADING SYSTEM:

Tests (2) - 40%

Quizzes:

following presentations - 20% Presentations - 20% Identification Test(s) - 10% Lab assignments - 10%

The following semester grades will be assigned to students:

One de	Definition	Grade Point
Grade	<u>Definition</u>	Equivalent
A+	90 – 100%	4.00
Α	80 – 89%	
В	70 - 79%	3.00
С	60 - 69%	2.00
D	50 – 59%	1.00
F (Fail)	49% and below	0.00
CR (Credit)	Credit for diploma requirements has been awarded.	
S	Satisfactory achievement in field /clinical	
	placement or non-graded subject area.	
U	Unsatisfactory achievement in	
	field/clinical placement or non-graded	
	subject area.	
Χ	A temporary grade limited to situations	
Λ	with extenuating circumstances giving a	
	student additional time to complete the	
	•	
ND	requirements for a course.	
NR	Grade not reported to Registrar's office.	
W	Student has withdrawn from the course	
	without academic penalty.	

VI. SPECIAL NOTES:

Special Needs:

If you are a student with special needs (e.g. physical limitations, visual impairments, hearing impairments, or learning disabilities), you are encouraged to discuss required accommodations with your professor and/or the Special Needs office. Visit Room E1101 or call Extension 703 so that support services can be arranged for you.

Retention of Course Outlines:

It is the responsibility of the student to retain all course outlines for possible future use in acquiring advanced standing at other postsecondary institutions.

Plagiarism:

Students should refer to the definition of "academic dishonesty" in *Student Rights and Responsibilities*. Students who engage in "academic dishonesty" will receive an automatic failure for that submission and/or such other penalty, up to and including expulsion from the course/program, as may be decided by the professor/dean. In order to protect students from inadvertent plagiarism, to protect the copyright of the material referenced, and to credit the author of the material, it is the policy of the department to employ a documentation format for referencing source material.

Course Outline Amendments:

The professor reserves the right to change the information contained in this course outline depending on the needs of the learner and the availability of resources.

Substitute course information is available in the Registrar's office.

Assignments are due at 1 pm on the due date. Late assignments will receive a deduction of 10% per day late. Students who are absent for a quiz or test will receive 0 for that evaluation.

VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean's secretary. Students will be required to provide a transcript and course outline related to the course in question.
