

## COURSE OUTLINE: NRT134 - ADVENTURE REC II

Prepared: Lawrence Foster

Approved: Sherri Smith, Chair, Natural Environment, Business, Design and Culinary

Course Code: Title	NRT134: ADVENTURE RECREATION II					
Program Number: Name	5212: ADVENTURE RECREATION					
Department:	NATURAL RESOURCES PRG					
Semesters/Terms:	19W					
Course Description:	This course will involve a series of outdoor education workshops focused on expanding student knowledge of outdoor recreational programming for both children and adult groups. This is a skills-oriented course, where students will be trained to work as outdoor recreation programmers and instructors for work with a variety of different employers including: parks, outdoor education centres, children's camps, recreational resorts, and a host of other related facilities. Field trips and hands-on experience focusing on experiential learning will be stressed. During this semester as part of this course, students will perform a 16-hour volunteer work placement with a recreational business or facility, to gain further hands-on experience.					
Total Credits:	3					
Hours/Week:	3					
Total Hours:	45					
Prerequisites:	There are no pre-requisites for this course.					
Corequisites:	There are no co-requisites for this course.					
Substitutes:	NAR101					
Vocational Learning	5212 - ADVENTURE RECREATION					
Outcomes (VLO's) addressed in this course:	VLO 1 Demonstrate clear, concise and industry appropriate written, spoken and visual communication skills.					
Please refer to program web page for a complete listing of program	VLO 2 Identify, discuss, organize and assess common Flora & Fauna species found throughout ON, including biological and physiological characteristics.					
outcomes where applicable.	VLO 3 Describe how the six park systems in Ontario are managed and operated.					
	VLO 4 Identify and evaluate the requirements for leading and participating in expeditions or field exercises using a variety of Adventure Recreation activities.					
	VLO 5 Start and manage a career in the Adventure Recreation and Parks field.					
	VLO 6 Demonstrate a sound understanding of the significance of the Adventure Recreation and Parks Industry including relevant legislation, trends and issues.					
	VLO 8 Demonstrate an understanding of sustainable development and apply the foundations in the natural environment.					
	VLO 9 Safely operate and maintain equipment used in Adventure Recreation and Park operations.					
	O 11 Analyze, evaluate and apply subjective and objective safety considerations for Adventure Recreation and Parks activities.					
Essential Employability Skills (EES) addressed in	EES 1 Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.
