DESCRIPTION:

This course is designed to acquaint the student with the discipline of Political Science and its application to the study of the Canadian political environment.

lectures, presentations and discussions will explore issues confronting Canadian society today, including nationalism, foreign ownership, French Canada, as well as regional disparities. The remainder of the course will be devoted to an examination of today's "isms".

METHODOLOGY:

The basic approach in the classroom is a combination of the time-tested lecture approach and student involvement through classroom discussion.

EVALUATION:

20% - attendance and participation

80% - segmental tests

#

GRADING:
