

## COURSE OUTLINE: PSY128 - PSYCH EARLY LEARNING

Prepared: Social Sciences Department

Approved: Martha Irwin, Chair, Community Services and Interdisciplinary Studies

Course Code: Title	PSY128: INTRO TO PSYCHOLOGY OF EARLY LEARNING			
Program Number: Name				
Department:	SOCIAL SCIENCES			
Semesters/Terms:	18F			
Course Description:	A study of the science of psychology as it relates to early learning perspectives and best practice: including the topic areas of, 1) psychology as a discipline, 2) historical early learning philosophies, 3) non-Western early learning perspectives, 4) modern early learning perspectives. Psychological learning theories and concepts will be studied with the intent that students recognize how these theories are integrated into early learning methods and best practices. Students will have the opportunity to compare and contrast different perspectives on early learning, as well as recognize a variety of theoretical approaches to early learning.			
Total Credits:	3			
Hours/Week:	3			
Total Hours:	45			
Prerequisites:	There are no pre-requisites for this course.			
Corequisites:	There are no co-requisites for this course.			
This course is a pre-requisite for:	HSC104			
Essential Employability Skills (EES) addressed in this course:	EES 1 Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.  EES 2 Respond to written, spoken, or visual messages in a manner that ensures effective communication.  EES 5 Use a variety of thinking skills to anticipate and solve problems.  EES 6 Locate, select, organize, and document information using appropriate technology and information systems.  EES 7 Analyze, evaluate, and apply relevant information from a variety of sources.  EES 8 Show respect for the diverse opinions, values, belief systems, and contributions of others.  EES 9 Interact with others in groups or teams that contribute to effective working relationships and the achievement of goals.  EES 10 Manage the use of time and other resources to complete projects.  EES 11 Take responsibility for ones own actions, decisions, and consequences.			
General Education Themes:	Social and Cultural Understanding			
Course Evaluation:	Passing Grade: 50%, D			
Books and Required Resources:	Educational Psychology: Theory & Practice by Robert Slavin Publisher: Pearson Education Edition: 12th

PSY128: INTRO TO PSYCHOLOGY OF EARLY LEARNING

## **Course Outcomes and Learning Objectives:**

the variety of psychological disciplines in the field.  1.2 Demonstrate knowledge of relevant terminology, ethical sisues, and historical development of psychology.  1.3 Differentiate between the major theoretical approaches to psychology.  1.4 Explain the importance of cultural competence in the field of psychology.  1.5 Communicate basic understanding of the concepts, design, issues and ethics in psychological research, including the essential element of critical thinking.  1.6 Outline the field of early learning psychology, its origins and contemporary perspectives.  1.7 Critically assess personal assumptions about early learning.  Course Outcome 2  2. Summarize the core principles of key early earning philosophers.  Course Outcome 3  3. Describe a variety of early learning perspectives from non-Western societies.  Course Outcome 4  4. Interpret early learning philosophers are societies with contemporary perspectives of non-Western societies to their world view.  3.3 Compare and contrast learning perspectives of non-Western societies with contemporary learning perspectives of non-Western societies with contemporary learning perspectives of early learning perspectives of early learning perspectives.  Course Outcome 4  4. Interpret early learning perspectives of non-Western societies with contemporary learning perspectives to their world view.  3.3 Compare and contrast learning perspectives of non-Western societies with contemporary learning perspectives to their world view.  4. Identify the strengths and weaknesses of key modern theoretical early learning perspectives on early learning.  4.2 Summarize the core components of each theoretical perspective.  Course Outcome 5  5. Connect modern early learning theories with current trends and best practices in modern early learning.  5.1 Identify and describe a variety of learning perspectives of non-Western societies with contemporary learning.  4.1 Identify the key theorists associated with each theoretical perspective.  Course Outcome 5  5. Connect modern early	Course Outcome 1	Learning Objectives for Course Outcome 1
2.1 Identify various historical philosophical perspectives on early learning. 2.2 Identify the key thinkers associated with each philosophical perspective.  Course Outcome 3 3. Describe a variety of learning perspectives from non-Western societies.  3.1 Identify and describe a variety of learning perspectives of non-Western societies.  3.2 Relate early learning perspectives of non-Western societies to their world view.  3.3 Compare and contrast learning perspectives of non-Western societies with contemporary learning perspectives & theories.  Course Outcome 4 4. Interpret early learning through key modern theoretical early learning perspectives.  4.1 Identify the strengths and weaknesses of key modern theoretical early learning.  4.2 Summarize the core components of each theoretical perspective.  4.3 Differentiate the major theoretical perspectives of early learning.  4.4 Identify the key theorists associated with each theoretical perspective.  5.
