Based on this assessment, as well as from comments on the mid-term evaluation, the student will formulate a plan for achieving competencies during the remainder of the placement (a form will be provided).
   b) end-of-term: by the last seminar (Dec 17, 1997), the student will again complete the “Measure of Success” and the Fieldwork Self-Analysis. The student must also complete their Progress Review Form III, using explicit examples which provide a rationale to support their self-assessment.

2. **VIDEO-TAPE ANALYSIS and ACTIVITY ASSESSMENT:** 30%
   Students will make arrangements to have themselves video-taped in their assigned field placement setting. Steps must be taken to ensure parental permission for children to be video-taped.
   The Sault College cam-corder has been reserved on Mondays and Tuesdays for this purpose. You must book the recorder with Media Services in the LRC. Your student card is required. Also, you must purchase your own video tape cassette (each person should have their own as this process will be repeated in the fourth semester).
   **STEPS:**
   a) complete an Activity Plan for any curriculum area; follow the normal procedures for approval prior to presentation of the activity in the placement.
5. ED 218, cont'd

b) have yourself video-taped presenting this activity to the children; remember to make sure that the entire process of the activity is on tape (introduction-IN PARTICULAR- to conclusion).

c) after the video-taping, review the tape and analyze your teaching thoroughly, referring to the relevant questionnaire accompanying the course outline. Your assigned grade will be based on your own ability to assess and describe your teaching techniques, not on the quality of the video-tape itself.
