LEARNING ACTIVITIES

In order to develop an understanding of yourself as a teacher of young children, in-class exercises and projects will be assigned as a way of examining bias, prejudice and discrimination.

Using "Annual Editions" or current articles, choose 3 readings dealing with Multicultural issues in E.C.E. (Format attached).

A cultural simulation will be experienced as a class (date and time to be discussed later). Each student will prepare a typed report critiquing the experience. (Students unable to attend this simulation need to see the professor for personalized alternative assignment. The responsibility to discuss this with the professor belongs to the student)

Seminar/Research presentations will be presented in class (along with class summary sheet to be handed out on assigned date.) The seminar will be a thorough research of a culture of your choice, presenting it in a preschool curriculum format. A typed copy will be given to the professor for marking.

Tests on in-class material (dates announced in class).
