1. SELF ANALYSIS OF TEACHING BEHAVIOURS: 25%
   a) mid-term: by Oct 14, 1998, each student will summarize his/her strengths and competencies currently displayed in the field placement. Based on this assessment, as well as from comments on the mid-term evaluation, the student will formulate a plan for achieving competencies during the remainder of the placement (a form will be provided). = 10%
   b) end-of-term: by the last seminar (Dec 16, 1998), the student will again complete the Fieldwork Self-Analysis, and explain how s/he has grown in teaching skills over the semester. The student must also complete their Progress Review Form III, using explicit examples which provide a rationale to support their self-assessment. As well, the student must complete an Introductory Sheet outlining the skills s/he needs to acquire for semester IV. = 15%

2. VIDEO-TAPE ANALYSIS and ACTIVITY ASSESSMENT- 30%
   Students will make arrangements to have themselves video-taped in their assigned field placement setting. Steps must be taken to ensure parental permission for children to be video-taped.
   The Sault College cam-corder has been reserved on Mondays and Tuesdays for this purpose. You must book the recorder with Media Services in the LAC. Your student card is required. Also, you must purchase your own video tape cassette (each person should have their own as this process will be repeated in the fourth semester).
4. ED 218, cont'd

**STEPS:**

a) complete an Activity Plan for any curriculum area; follow the normal procedures for approval prior to presentation of the activity in your placement.

b) have yourself video-taped presenting this activity to the children; remember to make sure that the entire process of the activity is on tape (introduction- IN PARTICULAR- to conclusion).

c) after the video-taping, review the tape and analyze your teaching thoroughly, referring to the relevant questionnaire accompanying the course outline. Your assigned grade will be based on your own ability to assess and describe your teaching techniques, not on the quality of the video-tape itself. **THIS ANALYSIS MUST BE TYPED AS WELL AS VIDEO-TAPED IN THE LRC PREVIEW ROOM.**

d) submit your analysis, the completed Activity Plan, and the Video Activity Evaluation (5%) to your instructor BY THE DUE DATE (the week following the completion of your taping session, as scheduled with the instructor). Those who do not follow this procedure will receive a grade of zero for this project.

*See following pages for analysis procedures!*
