I. COURSE DESCRIPTION:
This course is designed to orient students to the various facets of the Early Childhood Educator/Assistant's role. It will involve a balance of college classroom instruction and a supervised field work practicum. Students will be prepared in the professional standards and practices that are required for working in varied child care fields. Skills, knowledge, and attitudes gained will enable the student to consistently demonstrate the competencies expected of a beginning early year's educator.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:
Upon successful completion of this course, the student will demonstrate the ability to:

1. articulate professional ethics and display professionalism
   
   Potential Elements of the Performance:
   - behave and perform in compliance with the Early Childhood Education Program Guidelines as well as the AECEO Code of Ethics
   - display dependability and reliability
   - maintain confidentiality at all times
   - show sensitivity and respond appropriately to both verbal and non-verbal communication with others

2. apply relevant policies and procedures to early childhood programs

   Potential Elements of the Performance:
   - identify the regulatory bodies responsible for child care
   - describe the tasks and responsibilities of early childhood educators
   - demonstrate practices used to maintain the health and safety of young children
   - identify the impact of personal health practices on the early childhood educator
3. **develop and implement age-appropriate lesson plans and teaching techniques**

   **Potential Elements of the Performance:**
   - choose developmentally appropriate and quality literature for children
   - prepare lesson plan forms for implementation in a child care setting
   - present a storybook to children at the Child Development Centre
   - critique own storytelling skills
   - develop a repertoire of techniques that teachers can use with children

III. **TOPICS:**
1. Professionalism, Ethics and Confidentiality
2. Expectations of Placements and Employers and Preparing for Fieldwork
3. Universal Precautions and Maintaining Personal Health
4. Making a Great First Impression & Practical Skills needed for ECE/A
5. Storytelling Techniques
6. Research Strategies and Writing Effective Lesson Plans

IV. **REQUIRED RESOURCES/TEXTS/MATERIALS:**

   **I'm a Little Teapot - Presenting Preschool Storytime,** Jane Cobb, Black Sheep Press

   **ECE Field Practicum Activity Planning Guide,** (June/99 ed), Browning, Connolly-Beattie, & Welz
V. EVALUATION PROCESS/GRADING SYSTEM:

Lesson Plans - worth 40%
Students will prepare 2 storytelling, 2 art, 2 circle and 2 learning activity lesson plans for evaluation

Storybook Presentation - worth 15%
Each student will choose a storybook appropriate for preschoolers and present this story to the children at the Child Development Centre. Story forms must be submitted 2 weeks prior to the date of presentation. Schedules for presentation will be distributed in class

Quiz - worth 15%
Students will be tested on information related to student and field work policies and procedures that have been covered in this course

Field Work Practicum - worth 30%
Students will attend 6 days of fieldwork placement. Each placement day is worth 5%. Any days of placement that are missed must be made up prior to the end of the semester. Students must receive a satisfactory evaluation from each of their placements.

The following semester grades will be assigned to students in postsecondary courses:

NR  Grade not reported to Registrar's office.
    This is used to facilitate transcript
    preparation when, for extenuating
    circumstances, it has not been possible
    for the faculty member to report grades.

VI. SPECIAL NOTES:

Special Needs:
If you are a student with special needs (e.g. physical limitations, visual
impairments, hearing impairments, or learning disabilities), you are
encouraged to discuss required accommodations with your instructor
and/or the Special Needs office. Visit Room E1204 or call Extension 493,
717, or 491 so that support services can be arranged for you.

Retention of course outlines:
It is the responsibility of the student to retain all course outlines for possible
future use in acquiring advanced standing at other postsecondary
institutions.

Plagiarism:
Students should refer to the definition of “academic dishonesty” in Student
Rights and Responsibilities. Students who engage in “academic
dishonesty” will receive an automatic failure for that submission and/or
such other penalty, up to and including expulsion from the course/program,
as may be decided by the professor/dean. In order to protect students
from inadvertent plagiarism, to protect the copyright of the material
referenced, and to credit the author of the material, it is the policy of the
department to employ a documentation format for referencing source
material.

Course outline amendments:
The Professor reserves the right to change the information contained in
this course outline depending on the needs of the learner and the
availability of resources.

Substitute course information is available in the Registrar's office.
Important Notes to Students:

Class Activities:
1. Attendance plays an important role in successful learning and skill development, so students are expected to attend.
2. Students are responsible for work assigned during absences.
3. Students should be aware that the expectations for their conduct in class are outlined in the "Statement of Student Rights and Responsibilities" in the Sault College Handbook.
4. The professor will announce dates, for tests and assignments that are listed on the course outline, at least one week in advance; however, the professor reserves the right to give unannounced quizzes and in-class assignments.

Assignments:
1. All assignments must be submitted on the due date at the beginning of the class period unless otherwise specified by the professor.
2. To protect students, assignments must be delivered by the student/author to the professor.
3. Late submissions may be accepted up to one week after the due date at the discretion of the professor; however, the penalty is the loss of one letter grade (ie. a "B" assignment will be reduced to a "C"). The late submission may receive only a letter grade with no evaluative comments.
4. Assignments more than one week late will not be accepted.
5. Students must adhere to dates set for oral presentations unless the professor has approved prior arrangements. Presentations that are merely read will receive a failing grade. Students who do not present on their presentation date will forfeit the mark for that assignment.
6. Students have the responsibility to be aware of assignment due dates. If they miss in-class assignments that are due at the end of the class period for evaluation, they forfeit the mark.
7. Students are responsible for retaining a file of all drafts and returned assignments. We suggest students keep their computer file of assignments until the end of semester. In the event of a grade dispute, students must produce the graded assignment, so it can be recorded.

Tests:
1. Tests must be completed on the date scheduled. If unable to attend, contact the professor prior to the start of the test.
VII. PRIOR LEARNING ASSESSMENT:

Students who wish to apply for advanced credit in the course should consult the professor. Credit for prior learning will be given upon successful completion of a challenge exam or portfolio.

VIII. DIRECT CREDIT TRANSFERS:

Students who wish to apply for direct credit transfer (advanced standing) should obtain a direct credit transfer form from the Dean’s secretary. Students will be required to provide a transcript and course outline related to the course in question.
