VI. SPECIAL NOTES:

Attendance:
Sault College is committed to student success. There is a direct correlation between academic performance and class attendance; therefore, for the benefit of all its constituents, all students are encouraged to attend all of their scheduled learning and evaluation sessions. This implies arriving on time and remaining for the duration of the scheduled session.
Specific Class Information

Assignments:
- Major assignments (5% or more) must be submitted on the due date, at the beginning of class, unless otherwise specified by the instructor. If major assignments are late, both the following steps must be taken in order for the assignment to be evaluated:
  1. Major assignments that are late are to be handed in to Room E3209 (slip under the door).
  2. The instructor will be notified, through WebCT, that the assignment has been handed in. An attachment (in Microsoft Word format) of the completed assignment must be included. A reply will be sent back to you indicating that the material has been received.
- Late, major assignments will be deducted 5% per day (20% maximum deduction). Major assignments more than one week late will not be accepted.
- All assignments are to be typed and stapled unless otherwise stated. All ideas and direct quotations must be documented using APA style. Please refer to the section above about Plagiarism.
- In-class or weekly assignments are due on the assigned date. These assignments will not be accepted after that date, as they are a part of class work and discussions.
- Students are responsible for retaining a file of all drafts and returned assignments. We suggest students keep their computer file of assignments until the end of semester. In the event of a grade dispute, students must produce the graded assignment, so it can be recorded.
- Students must adhere to dates set for oral presentations unless the professor has approved prior arrangements. Students who do not present on their presentation date will forfeit the mark for that assignment.

Tests/Quizzes:
Tests/Quizzes must be completed on the date scheduled. If unable to attend due to illness or extenuating circumstances, contact the professor prior to the start of the test. An alternative date must be arranged before the next class.

Learning Environment:
In the interest of providing an optimal learning environment, students are to follow these expectations:
- Students should be aware that the expectations for their conduct in class are outlined in the Student Code of Conduct.
- Students are expected to arrive to class on time. Late students are expected to quietly enter the classroom and sit in the nearest seat available. Notes and writing materials must ready before entering class. If assignments and activities have begun, students are asked to wait until they are completed. Students are asked to wait until after class to speak to classmates about missed material.
- Students are to keep private conversations and other distracting behaviours out of the classroom.
- Leaving the room should be for emergency reasons only.

Missed Classes
Students who miss a class are responsible for asking a classmate to take notes and pick up assignments and handouts. Students are responsible for work assigned during absences.
