Students will be asked to refrain from engaging in personal or non-course related conversations. If this behavior or any other behavior deemed disruptive continues, the student(s) will be asked to leave the class room.
3. The use of computers in the class is permitted for course work only. Students using their computer for personal or non-course work will be asked to shut their computer off.
4. Light snack foods are permitted in the class during scheduled class, however students who wish to consume “meals” will be asked to consume their meal in another location outside of the classroom setting.

Assignments
1. All assignments must be submitted on the assigned due date at the beginning of the class period unless otherwise specified by the professor. Assignments submitted after the professor has collected the assignments on the due date at the beginning of the scheduled class time will incur an automatic 5% deduction from the final assignment mark.
2. Assignments marks will incur a 5% deduction for each calendar day past the scheduled due date. Assignments will not be accepted by the Professor after 7 calendar days from the scheduled due date. Consequently, the student will receive an automatic “0” for the assignments. Students must submit a hard copy of their assignment unless otherwise specified by the instructor.
3. If extenuating circumstances exists that prevent the student from submitting their assignment on the scheduled date, students are encouraged to communicate with their Professor one day prior to the due date the nature of the extenuating circumstances and request an extension. Granting extensions is up to the discretion of the instructor. An “assignment extension’ form will be completed and require a student signature.

7. Students are responsible for **retaining a file of all drafts and returned assignments**. We suggest students keep their computer file of assignments until the end of semester. In the event of a grade dispute, students must produce the graded assignment, so it can be recorded.

**Tests/Quizzes:**

1. Students are expected to come to the test prepared with all of the instruments needed to complete the test. (pencil, student number)

2. Tests/Quizzes must be completed on the date scheduled. If unable to attend due to illness or extenuating circumstances, contact the professor at least one hour prior to the start of the test. **If advance notice is NOT given to the Professor, the student will receive a mark of “0”.** It is the student’s responsibility to make an alternative date with the professor that must be scheduled before the next class.

3. Students will be permitted into the class to write the test beyond the start time until the time at which other students have finished the test and left the room. The student will not be given extended time to complete the test. At that point, students will not be able to complete the test and will receive a mark of “0” for the test.

Your instructor reserves the right to modify the course, as he/she deems necessary to meet the needs of students. Dates for projects or tests may be revised depending upon course content/flow.
