V. EVALUATION PROCESS/GRADING SYSTEM:

*Active Experiential Learning/Collaborative Teams and Reflective Practice* 15%

You will be assigned a collaborative team that you will work with for the entire semester. This will involve working within a collaborative team to complete Active Experiential Learning (AEL) activities related to course topic areas. You will be expected to actively engage in discussion within your collaborative team. Some classroom learning will occur in the form of workshops that are delivered from professionals in the community. If you are not present or you do not bring all the necessary materials or you are not fully participating for any of the activities, this will impact your grade in this evaluation factor.

As part of this evaluation factor you will be engaging in reflective practice. This will encourage you to actively reflect on what you have learned and to also develop professional practices that will enhance the learning process.

Also, students will choose one professional development workshop or activity to attend over the course of the semester and reflect on this learning experience.

*Class Preparation Notes* 15%

As part of this evaluation factor, you will be submitting “Class Preparation Notes”. The process for submission will be discussed in class and posted on LMS.
