Course Title: HEALTH AND NUTRITION
Code No.: ED 111-3
Program: EARLY CHILDHOOD EDUCATION
Semester: JANUARY 1985
Date: JANUARY 24, 1985
Author: KATHY NIELSEN

New: _____ Revision: ___

APPROVED: ___________________________ Date: __________
Chairperson: [Signature] Jan. 30, 1985
Course Description

The study of health and nutrition relating to the needs of preschool children. Food composition, selection and preparation will be studied as well as the health care of children in preschool centres.

Course Goals

1. To help the student develop an understanding of the basic principles of normal nutrition.

2. To help the student develop an understanding of the relationship of good nutrition to good health.

Course Objectives

The student must:

1. Demonstrate an awareness and understanding of nutrition needs of the human body.

2. Demonstrate a knowledge of basic health in relationship to good nutrition.

Methodology

The student will gain the knowledge and understanding of Health and Nutrition through research presentations, projects, class participation, lectures and audiovisual presentations.
