New: _____ Revision: _____X____

APPROVED: K. DeRosario, Dean
School of Human Sciences and Teacher Education

DATE: [Signature]
ED 110 - Field Work II
Early Childhood Education

OBJECTIVES - Semester II

1. To acquire more practice in presenting appropriate learning activities to young children on both an individual and group basis.

2. To develop group leadership skills.

3. To develop skills in managing child behavior.

4. To develop techniques in functioning as an effective co-teacher of preschool children.

5. To demonstrate reliability and professionalism.

OBJECTIVES - Semester II

1. To fulfill the expectations of the field placement setting as outlined in the day nursery guidelines.

2. To complete minimum field work assignments as scheduled.

3. To demonstrate appropriate teaching competencies as outlines in the Progress Review Form.

4. To develop an ability to look objectively and realistically at one's own performance and progress.

5. To acquire the foundations of a professional teaching philosophy.

METHODOLOGY

Field practicum this semester consists of assigned field work in two consecutive placements as follows: two days of field work per week, a one week block in the first placement, a two week block at the end of the term, as well as a one week rotational block in the C.D.C.
At the beginning of the placement, the student will be given a list of "Minimum Placement Requirements", a brief description of the specific day nursery's program, and any additional requirements of the centre. The student will schedule activity requirements of the placement. These dates are to be noted on the student's timesheet and posted at the placement. The supervisor will place her initial next to the date once the activity has been completed. If the activities are not completed as scheduled, this will be noted as well.

Guidelines for professionalism and fulfilling responsibilities must be followed.

The student will take responsibility for keeping an accurate record of hours worked and completed "activity requirements", at each placement and for completing the established procedures for evaluation of progress at mid-term and at the end of the placement.

EVALUATION PROCEDURES

1. a) At the beginning of the placement, present the supervisor with the appropriate completed forms including: Time Sheet (listing expected dates of placement), Introductory Sheet (detailing student needs), and a signed "Progress Review Form". 

   b) Make arrangements for carrying out minimum placement requirements and put scheduled dates on time sheet.

   c) Have appropriate activity forms completed and initialed by the field seminar teacher and submit to the placement one week prior to scheduled presentation date.

   d) Request on-going feedback from the placement staff/supervisor.

   e) At midterm and end of term submit a completed form one week prior to the scheduled evaluation date.

   f) Discuss the evaluation comments with the placement supervisor and sign the evaluation form in her presence. (Your signature means that you agree with the evaluation).

   g) If you disagree with any part of the evaluation, your reasons are to be written down on the form with your signature next to your comments.

   h) If a student misses more than the allowable 3 days, she/he must fill out the appropriate form (attached) and have it approved by a member of the ECE faculty and by the placement.

2. The student has three days sick leave per year and any time missed other than this is to be made up on her/his own time, scheduled through the field supervisor. The student must take responsibility to notify his/her placement when unable to report in at the scheduled time. If the contact person is not notified of an absence, then a penalty of one week make-up per day missed will apply.
Students on a one week block in the C.D.C. must schedule a meeting with the assistant supervisor the week prior to the scheduled block week. Calls to set up the meeting time must be made on the Monday between 11:30 a.m. and 1:00 p.m. The purpose of the meeting is to discuss requirements for the block placement and to schedule activities. If this procedure is not followed then the student will not be able to complete the block and will consequently lose 25% of the semester’s field work grade. Exceptions will only be made in extreme extenuating circumstances.

4. If an evaluation is not satisfactory and/or an "R" grade is received, that segment or semester must be repeated. If an "R" is received, the placement hours accumulated will not be counted in the student’s total and must be repeated. The student must successfully complete Semester I and the corresponding Integrative Seminar (ED 115) to be eligible for Semester II Fieldwork.

GRADING - Semester I

A+ - Consistently outstanding performance
A - Exceptional integration of theory and practice
B - Average competence
C - Minimal performance
X - As per College Policy
R - "Repeat" - indicated failure to meet required competency level of that semester and field work course must be repeated.
W - Withdrawal from course after the "drop deadline".

SPECIAL NOTES

Students with special needs (e.g. physical limitations, visual impairments, hearing impairments, learning disabilities) are encouraged to discuss required accommodations confidentially with the instructor.

Your instructor reserves the right to modify the course as he/she deems necessary to meet the needs of students.
