COURSE OUTLINE

COURSE TITLE: INTEGRATIVE SEMINAR IV

CODE NO.: ED 219
SEMESTER: FOUR

PROGRAM: EARLY CHILDHOOD EDUCATION

AUTHOR: LORNA CONNOLLY BEATTIE

APPROVED: K. DeRosario, Dean
School of Human Sciences
and Teacher Education

**NOTE: Do not discard this outline. It will be required by
other educational institutions if you are attempting to
obtain credit for this course.
I. PHILOSOPHY/GOALS:

This weekly seminar gives students the opportunity to share ideas and theoretical concerns relative to field practice. Activities completed during field placement will form a basis for discussion. As a result, the student will be better prepared for planning for children’s learning and for guiding children’s behaviour.

II. STUDENT PERFORMANCE OBJECTIVES (OUTCOMES):

Upon successful completion of this course the student will:

1) integrate the fourth level competencies as outlined in the Sault College ECE Progress Review Form for Semester Four by demonstrating and reporting on effective teaching strategies.

2) design age-appropriate activity plans for implementation in the student’s field practicum setting.

3) research and design age-appropriate activity plans and demonstrate these in the fieldwork tutorial sessions.

4) evaluate his/her skill development by completing the identified self-evaluation procedures.

5) evaluate his/her teaching behaviours by analysing a videotape performance of him/herself during a group time and a free play period.

6) outline some of the legal responsibilities and implications related to day care in Canada.

7) observe the early childhood environment, record observations involving children and various situations encountered in the field work setting, and, evaluate these findings including any recommendations for change.
III. TOPICS TO BE COVERED

1. Competencies expected of fourth semester students
2. Professional standards and confidentiality
3. Researching and developing activity plans
4. Analysing teaching strategies and integrating new skills.
5. Case studies and developmentally appropriate strategies to implement with young children
6. Day care and the law
7. Observing and evaluating the Early Childhood Environment (ECERS)

IV. LEARNING ACTIVITIES/REQUIRED RESOURCES

Facilitation of the course material will be conducted through class discussions, student observations and presentations, assigned readings, and situational examples. This format will be used to help students incorporate appropriate teaching methods into practical applications. Attendance and participation are an essential element in this process.

V. EVALUATION METHODS

Attendance and participation in seminar classes are crucial to the integration of teaching theory and practice. Each student must take the responsibility of contributing constructively to seminar discussions, while always maintaining confidentiality and respect for others.
