V. EVALUATION PROCESS/GRADING SYSTEM

Field practicum consists of two days per week in an assigned field placement setting. A block at the start of the placement will aid in the student’s assimilation into the program of the child care setting. As well, a one week rotational block in the CDC at Sault College is required, during which students are required to arrange for a classmate to take notes and to keep the student current with assignments, etc.

Learning outcomes are achievable through the support and feedback of the Supervising Teacher and College Supervising Faculty. **The student must demonstrate all of the competencies outlined in Progress Review Four satisfactorily in order to receive a passing grade.**

At the beginning of the placement, the student will be given a Field Placement Binder which will contain the necessary record keeping forms, contracts, and placement procedures to follow. It is crucial that the student read and understand all of the policies and procedures outlined, in order that they can fulfill their contract with the placement.

Guidelines for professionalism and for fulfilling responsibilities must be followed (see Field Placement Policies).

The student will take **responsibility for keeping an accurate record of hours worked and completed “Activity Requirements”** at their placement. The student must schedule the “Minimum Activity Requirements” with the Supervising Teacher at the beginning of the placement. These dates are to be noted on the student’s Time Sheet which is to be posted at the placement for easy referral. The Supervising Teacher will place his/her initial next to the date once the activity has been completed. **If the activities have not been completed as scheduled, this will be noted as well. Students may only reschedule activities for reasons which meet the accepted criteria (see Field Work Policies).**

Students must follow the established procedures for evaluation of progress at mid-term and at the end of the placement. **If these are procedures are not followed, the placement may be in jeopardy, and the student may be terminated and/or will have to repeat the placement.**
Field Work IV, cont'd 5

Field work record (hours and placement sites and dates) is complete in order that these may be entered into the College’s records. These may be needed for future reference.

EVALUATION PROCEDURES:

1. At the beginning of the placement, present the Supervising Teacher with the Field Placement Binder. Sign the placement agreement and confidentiality forms and schedule the “Minimum Activity Requirements”; note these on the Time Sheet and post this at the placement.

2. Request on-going feedback from the placement staff/Supervising Teacher.

3. At mid-term and end of term submit a completed form one week prior to the scheduled evaluation date (See Field Work Schedule).

4. Discuss the evaluation comments with the Supervising Teacher and sign the evaluation form in her presence. (Your signature means that you understand and agree with the evaluation.

5. If you disagree with any part of the evaluation, your reasons are to be written down on the form with your signature next to your comments/reasons for disagreement. You must provide examples to support your disagreement.

6. Field practicum is considered to be a job placement thus reliability and responsibility for actions are emphasized; refer to the Field Placement Policies for further details.

7. The student has 1 ½ days for personal leave (see Field Placement Policies) per semester and any time missed other than this is to be made up on her/his own time, scheduled through their faculty field supervisor. The student must take responsibility to notify his/her placement when unable to report in at the scheduled time. If the Supervising Teacher and/or the student’s Supervising Faculty are not notified of an absence, then a penalty of one week make-up per day missed will apply.

8. If a student misses more than the allowable 1 ½ days, she/he must fill out the Make-up Days Form and have it approved according to the stated procedure. If a student leaves the placement early and needs to make up a couple of hours or so, then a full or half day must be made up.

9. The student will be assigned a grade by the ECE faculty based on the combined evaluations and observations completed by the Supervising Teacher and College Faculty.

10. If an evaluation is not satisfactory and/or an “R” grade is received, the placement hours accumulated will not be counted in the student’s total, and this placement must be repeated. The student must successfully complete Semester I prior to registering for Semester II Field Work, etc.
