I. COURSE DESCRIPTION:

This weekly seminar gives students the opportunity to share ideas and theoretical concerns relative to field practice. Activities completed during field placement will form a basis for discussion. As a result, the student will be better prepared for planning for children's learning and for guiding children's behaviour.

II. LEARNING OUTCOMES AND ELEMENTS OF THE PERFORMANCE:

Upon successful completion of this course, the student will demonstrate the ability to:

1. Report regularly on skill development and competencies outlined for Semester Four Fieldwork.

   Potential Elements of the Performance:
   - provide specific examples of one's interactions to support self-analysis of one's teaching behaviours
   - complete self-assessment reports thoroughly in order to assist in planning strategies for growth
   - use thoughtful consideration in assessing one's strengths and suggest realistic alternatives for change

2. Design and implement developmentally appropriate activities for implementation in child care settings

   Potential Elements of the Performance:
   - design curriculum to support the observed developmental needs of children
   - utilize available resources for preparing age-related inclusive activities
   - prepare curriculum in a professional manner
   - determine the merit of prepared plans and suggest alternatives for improvement
3. **Participate actively in classroom discussion and group work**

Potential Elements of the Performance:
- record child and/or staff interactions in placement situations
- volunteer information recorded in field placement in a classroom
- share information and opinions in small groups
- function responsibly as part of a small group with respect to assigned work

4. **Discuss and evaluate methods for managing challenging behaviours in early childhood environments**

Elements of the Performance:
- complete required readings and interpret the implications for early childhood educators
- formulate developmentally appropriate strategies for guiding behaviour

III. **TOPICS:**

1. Competencies expected of fourth semester students
2. Professionalism and confidentiality
3. Researching and developing activity plans
4. Analyzing teaching strategies and integrating new skills
5. Meeting the Challenge: Effective Strategies for Challenging Behaviours

IV. **REQUIRED RESOURCES/TEXTS/MATERIALS:**

1. *Meeting the Challenge*, Barbara Kaiser and Judy Sklar Rasminsky. 1999
EVALUATION PROCESS/GRADING SYSTEM:

1. SELF ANALYSIS OF TEACHING BEHAVIOURS: 20%
   1. Using semester III final evaluation, complete your “INTRODUCING THE STUDENT TO STAFF” form.
   2. Make TWO copies: one “Intro Sheet” for your placement binder and one as a reference for this assignment.
   3. Using this “Intro Sheet”, your working copy of the Semester IV Evaluation Form, and your mid-term evaluation, summarize your strengths. Identify competencies to work on and formulate a plan for successfully completing Semester IV placement.

   * Make a photocopy of the mid-term and submit the original to your seminar teacher.

2. VIDEO-TAPE ANALYSIS and ACTIVITY ASSESSMENT- 30%
Make arrangements to have yourself video-taped in your field placement setting. *Steps must be taken to ensure parental permission for children to be videotaped (form in placement binder)*

The Sault College camcorder has been reserved on Mondays and Tuesdays for this purpose. You must book the recorder with Media Services in the LAC. Your student card is required. Purchase your own video-tape cassette!

**STEPS:**

a) Complete a form for an activity and submit according to required procedures.

b) Have yourself video-taped presenting this activity to the children; remember to make sure that the entire process of the activity is on tape (introduction to conclusion).

c) Review the tape and analyze your teaching thoroughly, using the Video-tape Self-Analysis Form. Your grade will be based on your own ability to assess and describe your teaching techniques, not on the quality of the videotape itself. THIS ANALYSIS MUST BE TYPED

d) Submit your VIDEO TAPE SELF-ANALYSIS, the completed ACTIVITY PLAN, and the VIDEO ACTIVITY EVALUATION. No late tapes will be accepted!
3. ATTENDANCE, PARTICIPATION AND ASSIGNMENTS - 50%

a) Attendance = 20%
Attendance and participation in seminar classes are crucial to the integration of teaching theory and practice. Each student must take the responsibility of contributing constructively to seminar discussions, while always maintaining confidentiality and respect for others.

Students are expected to make constructive suggestions to peers. The course instructor will monitor student contributions.

c) Interaction Report = 5%
