I. COURSE DESCRIPTION:

This course helps students to see the beginnings of poetry, music and dance, as children respond to the world around them. As a teacher-directed activity with a group of children, students learn how to nurture chant, song, and dance as they happen spontaneously throughout the day.

This course is designed to help teachers develop a creative approach to music and dance, and to learn skills which will help them encourage each child to discover new ways of expressing her/himself through music, dance, and language.

This course will take an interactive approach to learning all aspects of creative expression as it is reflected in art, creative movement, and creative dramatics.
