Course Outcomes and Learning Objectives:	Course Outcome 1	Learning Objectives for Course Outcome 1
	1. Interpret consultation results to determine type of hair addition service to be performed.	1.1 Determine length of addition 1.2 Determine addition colour, texture and density based on client’s natural hair 1.3 Determine alterations to be applied to addition according to design, such as: colouring, cutting to shape, cutting to blend, styling
	Course Outcome 2	Learning Objectives for Course Outcome 2
	2. Describe and perform the procedural steps to colour hair additions.	2.1 Describe how hair colour and lightening theory and procedures are adapted to addition types and fiber types 2.2 Describe the procedures to colour hair additions 2.3 Prepare additions for colour application 2.4 Demonstrate product application and removal, ensuring protection of the integrity of the addition
	Course Outcome 3	Learning Objectives for Course Outcome 3
	3. Perform procedural steps to fit and apply selected hair additions such as wig, hair piece, weft or extensions.	3.1 Determine size or quantity of additions based on head measurements 3.2 Select attachment method based on client’s needs, maintenance and longevity 3.3 Demonstrate application of tape-in, beaded, and bond

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2021-2022 academic year.

	extensions 3.4 Perform visual inspection
Course Outcome 4	Learning Objectives for Course Outcome 4
4. Describe and perform the procedural steps to colour hair additions	4.1 Describe how hair colour and lightening theory and procedures are adapted to addition types and fiber types 4.2 Describe the procedures to colour hair additions 4.3 Prepare additions for colour application 4.4 Demonstrate product application and removal, ensuring protection of the integrity of the addition
Course Outcome 5	Learning Objectives for Course Outcome 5
5. Cut and blend hair additions to desired shape, length and thickness.	5.1 Select tools and procedures to cut additions according to fiber type 5.2 Describe and demonstrate how the following cutting techniques and procedures are adapted for hair additions: combing techniques, sectioning techniques layering techniques, simulating natural appearance, visual inspection for accuracy, thinning and texturizing techniques
Course Outcome 6	Learning Objectives for Course Outcome 6
6. Perform the procedural steps to style additions.	6.1 Describe wear and deterioration 6.2 Describe products, tools and equipment for maintenance 6.3 Describe how to re-attach or repair additions 6.4 Describe how to clean according to manufacturer's directions and fiber type 6.5 Describe home care procedures to client 6.6 Understand required regular salon maintenance regime 6.7 Apply manufacturer's directions
Course Outcome 7	Learning Objectives for Course Outcome 7
7. Remove hair additions to maintain the integrity of the natural hair.	7.1 Describe precautions for removing hair addition 7.2 Describe detachment tools and products 7.3 Select product, tools and equipment for addition removal 7.4 Demonstrate procedures for removing addition
Course Outcome 8	Learning Objectives for Course Outcome 8
8. Understand the emotional impact of providing hair loss solutions for hairstyling clients	8.1 Develop fundraising efforts to provide wigs and hair pieces for clients in need 8.2 Organize events or promotions to provide services for those in the community suffering from hair loss

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Participation and attendance	10%
Practical evaluation	20%
Projects and assignments	40%
Quizzes and exams	30%

Date:

July 28, 2021

In response to public health requirements pertaining to the COVID19 pandemic, course delivery and assessment traditionally delivered in-class, may occur remotely either in whole or in part in the 2021-2022 academic year.
