**Ends in View and Processes:**

Ends in View	Process
1. Develop a study purpose/aim and question(s) relative to a contemporary, researchable nursing problem. 2. Draft a preliminary plan (quantitative or qualitative) to address a researchable question. 3. Enact select components of the research plan (e.g., literature review, collection of publicly available data, summary of clinical instruments) to yield a preliminary theoretical answer to the research question(s). 4. Interpret generated study findings and discuss theoretical implications for nursing practice. 5. Propose answer(s) to the research question(s) framed by the theoretical research activities undertaken. 6. Critique ethical dimensions within research activities.	

**Evaluation Process and Grading System:**

Evaluation Type	Evaluation Weight
Background and Protocol	20%
Infographic and Synthesis Table	35%
Knowledge Translation: Science Pitch	20%
Peer Critique	15%
TCPS 2 CORE Certificate 2022	10%

**Date:** August 15, 2024

**Addendum:** Please refer to the course outline addendum on the Learning Management System for further information.
