

## COURSE OUTLINE: OPA110 - PT CLINICAL SKILLS I

Prepared: Joanna MacDougall

Approved: Bob Chapman, Dean, Health

Course Code: Title	OPA110: PHYSIOTHERAPY CLINICAL SKILLS I			
Program Number: Name	3022: OCCUP/PHYSIO/ASSIST			
Department:	OTA/PTA ASSISTANT			
Academic Year:	2024-2025			
Course Description:	The purpose of this course is to provide the student with the ability to perform basic skills performed by a Physiotherapist Assistant. The student is introduced to essential competencies related to handling skills, therapeutic exercise, measurement of joint motion, bed mobility, transfers and assistive ambulation. The student will be expected to demonstrated competence in areas of safety, guarding, handling skills, set up and fit of assistive devices, as well as effective instruction, cuing and providing feedback to the client.			
Total Credits:	3			
Hours/Week:	3			
Total Hours:	42			
Prerequisites:	OPA101, OPA119, OPA120			
Corequisites:	There are no co-requisites for this course.			
This course is a pre-requisite for:	OPA203, OPA209, OPA217, OPA228			
Vocational Learning Outcomes (VLO's) addressed in this course:  Please refer to program web page for a complete listing of program outcomes where applicable.	3022 - OCCUP/PHYSIO/ASSIST			
	VLO 1 Communicate appropriately and effectively, through verbal, nonverbal, written and electronic means, with clients, their significant others, occupational therapists, physiotherapists, and members of the interdisciplinary health care team and others.			
	VLO 2 Participate in the effective functioning of interdisciplinary health care teams to optimize client physical and occupational functions.			
	VLO 3 Establish, develop, maintain, and conclude client-centred, therapeutic relationships.			
	VLO 4 Promote a safe environment that prevents or minimizes potential physical or mental harm to the client, therapist assistant and others.			
	VLO 5 Practice in a legal, ethical, and professional manner within the role of a therapist assistant.			
	VLO 6 Document client records in a thorough, objective, accurate, and timely manner within the role of the therapist assistant.			
	VLO 7 Engage in reflective practice and ongoing professional development activities to maintain and enhance competence.			
	VLO 8 Perform the roles and responsibilities of the therapist assistant effectively through the application of relevant knowledge of health sciences, psychosocial sciences, health conditions, resource management, and clinical procedures.			
	VLO 9 Contribute to the occupational therapist's or physiotherapist's assessment of the

	client and the development, implementation and modification of intervention/treatment plans.					
	VLO 10		's occupational performance by accurately and safely terventions, and related tasks under the direction and supervision therapist.			
	VLO 11	11 Maximize the client's physical function by accurately and safely implementir interventions, and related tasks under the direction and supervision of the physiotherapist.				
Essential Employability Skills (EES) addressed in	EES 1	Communicate clearly, concisely and correctly in the written, spoken, and visual form that fulfills the purpose and meets the needs of the audience.				
this course:	EES 2	Respond to written, spoken, or visual messages in a manner that ensures effective communication.				
	EES 6	EES 6 Locate, select, organize, and document information using appropriate technology and information systems.				
	EES 7	Analyze, evaluate,	and apply relevant information from a variety of sources.			
	EES 10	Manage the use of	time and other resources to complete projects.			
	EES 11 Take responsibility for ones own actions, decisions, and consequences.					
Course Evaluation:	Passing	Grade: 60%, C				
	A minimum program GPA of 2.0 or higher where program specific standards exist is required for graduation.					
Other Course Evaluation & Assessment Requirements:	As partial fulfillment of the OTA & PTA diploma, Performance Based Evaluations require a minimum of 60% in each category of performance.					
Course Outcomes and	Course	Outcome 1	Learning Objectives for Course Outcome 1			
Learning Objectives:	understa the PT a develop	onstrate an anding of the role of and PTA in the ment and entation of the nt plan.	1.1. Identify the role of the Registered Physiotherapist in the initial and ongoing assessment of a clients condition and the implementation and monitoring of a treatment plan.  1.2 Identify the role of the Physiotherapist Assistant in assisting the Registered Physiotherapist to implement and monitor the treatment plan.			
	Course	Outcome 2	Learning Objectives for Course Outcome 2			
		onstrate knowledge asic physiological	2.1 Define Therapeutic Exercise and describe aspects of Physical Function (balance, cardiopulmonary fitness,			

7. Demonstrate skill in the	7.1 Identify and demonstrate levels of assistance and			
Course Outcome 7	Learning Objectives for Course Outcome 7			
Demonstrate an understanding of techniques for instruction of therapeutic exercise to individuals and groups.	<ul> <li>6.1 Identify the key components and structure of a group exercise class.</li> <li>6.2 Participate in a therapeutic group exercise class and observe and report on the instructional techniques of the class leader.</li> <li>6.3 Observe and report on methods to modify the instructional technique according to the needs of the individual, group or the setting.</li> </ul>			
Course Outcome 6	Learning Objectives for Course Outcome 6			
5. Demonstrate knowledge of and describe contraindications, precautions, and safety issues in the application of therapeutic exercise.	5.1 Identify precautions/contraindications to therapeutic exercise. 5.2 Demonstrate the ability to safely implement patient transfers, assistive ambulation and range of motion exercise.			
Course Outcome 5	Learning Objectives for Course Outcome 5			
4. Demonstrate skill in the safe application of therapeutic exercise.	4.1 Describe and explain grading versus progression in exercise routines. 4.2 Recognize changes in behaviour patterns: describe signs of distress and identify the actions to be taken (for example, changes in colour, breathing patterns, incontinence). 4.3 Identify variances from expected patient performance in exercise completion and ambulation and report these accurately to the supervising Physiotherapist (respiratory distress, complaints of pain, non-compliance, difficult patients) 4.4 Describe common data measurement methods used in gathering and reporting to the Physiotherapist.			
Course Outcome 4	Learning Objectives for Course Outcome 4			
Course Outcome 3 3. Demonstrate knowledge and skill in the implementation, maintenance and monitoring of physiotherapy programs involving therapeutic exercise.	breathing.  Learning Objectives for Course Outcome 3  3.1 Recognize progression in exercise routines and explain the risks of over-loading or under-loading the clients exercises.  3.2 Describe and demonstrate functional activities that may be used to maintain or improve aspects of Physical Function.  3.3 Demonstrate to ability to implement and monitor a therapeutic exercise program (ie. range of motion) established by a Registered Physiotherapist.  3.4 Demonstrate the ability to instruct, cue and provide feedback to a client thereby reinforcing the Physiotherapists initial instructions to the client.  3.5 Describe and demonstrate competence in the operation, care and maintenance of equipment such as mobility aids, exercise equipment, assessment tools etc.			
	performance (strength, power, endurance), range of motion and stretching (passive, active, active-assisted), neuromuscula control, postural control, stabilization, balance, relaxation,			

	10. Demonstrate the ability to describe and document physiotherapy interventions carried out by the PTA.	10.1 Describe and draw therapeutic exercises prescribed by the Physiotherapist for use by a client in a home exercise program.  10.2 Demonstrate the ability to select appropriate exercises from a database/software program.  10.3 Produce instructional information for a clients home exercise program, both written and electronically.		
Evaluation Process and Grading System:	Evaluation Type Final Test		Evaluation Weight
