COURSE OUTLINE: HSP133 - HAIR ADDITIONS 2

Prepared: Jordin Boniferro-Knight
Approved: Karen Hudson - Dean

Course Code: Title	HSP133: HAIR ADDITIONS 2
Program Number: Name	1054: HAIRSTYLING
Department:	HAIRSTYLIST
Academic Year:	2025-2026
Course Description:	This course is a continuation of Hair Additions 1. Students will continue to build confidence and skills to work with a variety of hair addition types. In this course they will practice using specialized tools to perform hair addition services. They will compare attachment styles of trending hair extensions and understand when to recommend each type. Students will gain the knowledge and practical skills to color, cut and style hair additions while maintaining the quality and integrity of the fibers. Delivery includes a philanthropy project in support of the Sault College Wig Clinic.
Total Credits:	3
Hours/Week:	3
Total Hours:	42
Prerequisites:	HSP123
Corequisites:	There are no co-requisites for this course.
Vocational Learning Outcomes (VLO's) addressed in this course: Please refer to program web page for a complete listing of program outcomes where applicable.	**1054 - HAIRSTYLING** VLO 12 Ability to compare and contrast fibre types, application procedures, specialized tools, and maintenance procedures when working with hair additions.
Essential Employability Skills (EES) addressed in this course:	EES 4 Apply a systematic approach to solve problems.
Course Evaluation:	Passing Grade: 50%, D A minimum program GPA of 2.0 or higher where program specific standards exist is required for graduation.
Books and Required Resources:	Cosmetology and Foundations bundle by Milady Publisher: Milady Binding Edition: 14th Edition ISBN: 9780357871492 Workbook package by Milady Publisher: Milady Binding ISBN: 9780357922170

Course Outcomes and Learning Objectives:	Course Outcome 1	Learning Objectives for Course Outcome 1
	1.Analyze current trends in hair additions and their applications.	1.1 Research and report on emerging methods in non-surgical hair restoration. 1.2 Compare tape-ins, wefts, and fusion bonds by wearability and technique. 1.3 Evaluate tools, adhesives, and technologies for industry readiness.
	Course Outcome 2	**Learning Objectives for Course Outcome 2**
	2. Apply intermediate-to-advanced hair addition methods using secure attachment techniques.	2.1 Demonstrate tape-in, micro-link, or bonded extension techniques. 2.2 Apply hair additions with minimal tension and maximum security. 2.3 Follow manufacturer and safety protocols throughout the process.
	Course Outcome 3	**Learning Objectives for Course Outcome 3**
	3. Style attached hair additions for various occasions and hair types.	3.1 Perform blowouts, curling, and upstyling on integrated additions. 3.2 Use styling techniques that protect bonds or anchor points. 3.3 Finish styles that reflect client goals and fibre limitations.
	Course Outcome 4	**Learning Objectives for Course Outcome 4**
	4.Remove hair additions safely while preserving the natural hair and scalp.	4.1 Use approved removal agents and techniques. 4.2 Identify signs of damage or irritation and respond appropriately. 4.3 Recommend aftercare or follow-up services.
	Course Outcome 5	**Learning Objectives for Course Outcome 5**
	5. Cut and blend hair additions to desired shape, length and thickness.	5.1 Select tools and procedures to cut additions according to fiber type 5.2 Describe and demonstrate how the following cutting techniques and procedures are adapted for hair additions: combing techniques, sectioning techniques layering techniques, simulating natural appearance, visual inspection for accuracy, thinning and texturizing techniques
	Course Outcome 6	**Learning Objectives for Course Outcome 6**
	6. Develop and present a capstone project to support the Hairs to You charity.	6.1 Plan and organize a campaign or fundraising initiative with clear goals and audience. 6.2 Design promotional materials using digital or print platforms. 6.3 Implement the project through presentations, events, or social media outreach. 6.4 Evaluate the project`s effectiveness and reflect on its impact on the community and personal growth.
	Course Outcome 7	**Learning Objectives for Course Outcome 7**

	7. Apply colour techniques to synthetic and human hair extensions to meet client needs while maintaining the integrity of the hair fibre and achieving seamless blending with natural hair.	7.1 Differentiate between synthetic and human hair extensions in terms of colour compatibility, chemical processing limitations, and pigment absorption. 7.2 Select appropriate colouring methods and products for various extension types based on fibre, client preferences, and desired results. 7.3 Demonstrate safe and effective application of toning, semi-permanent, and fashion colour techniques on hair extensions. 7.4 Analyze how to pre-pigment, tone, or adjust extension colour to ensure a seamless match with the client`s natural hair or target shade. 7.5 Evaluate the results of colour application on extensions, identifying areas for correction and strategies for maintenance.

Evaluation Process and Grading System:

Evaluation Type	Evaluation Weight
Employability skills	20%
Hairs to You Project	30%
Practical skills	20%
Quizzes and exam	20%
Workbook and Assignments	10%

Date: June 17, 2025

Addendum: Please refer to the course outline addendum on the Learning Management System for further information.
